

DR. RUPA ANANTHASIVAN

Consultant – Radiology

Qualification

DMRD | DNB | FRCR

Overview

Dr. Rupa Ananthasivan is a well-known radiology consultant who is currently associated with the Manipal Hospitals, Old Airport Road, Bengaluru. Dr. Ananthasivan is noted for her remarkable skill in several fields of radiology, having earned the DMRD, DNB, and FRCR. Her exceptional skills and devotion to patient care have won her a superb reputation in the medical community. She is a life member of the Indian Radiological and Imaging Association (IRIA) and the Breast Imaging Society of India (BISI), demonstrating her dedication to radiology advancement. Her membership in the Royal College of India attests to her professional brilliance and accomplishments. Dr. Rupa Ananthasivan has achieved numerous notable milestones in her career in addition to her impressive qualifications. Her outstanding academic ability was on display throughout her university years, when she earned a university rank for her pre-degree in 1983. Her contributions to medicine have been recognised with the renowned BAYLISS Gold Medal. Such distinction says much about her excellent abilities and in-depth knowledge of radiology. She is a foremost consultant radiologist in Old Airport Road, Bangalore. Dr. Ananthasivan's enthusiasm for

improving knowledge in radiology extends to her active participation in research and academic endeavours. She contributed a chapter to Springer's upcoming book on benign breast illnesses, stressing her experience in breast imaging and the challenges that come with it. This significant addition to the medical literature displays her dedication to sharing her knowledge and experience with the larger medical community. She was awarded the best paper award in the GIT category at the European Congress of Radiology. Also, she was the organising secretary for the National Conference of Breast Imaging Society of India. Dr. Rupa is the best radiologist in Bangalore. Dr. Rupa Ananthasivan has also been actively involved in spreading awareness about critical health concerns. She took part in an online webinar to raise awareness about breast cancer as part of her commitment to Breast Cancer Awareness Month 2020. She emphasised the need for mammography in breast cancer screening throughout the occasion. This project exemplifies her commitment to educating the public and fighting for early identification and prevention. Dr. Ananthasivan is an expert in breast imaging, complex breast interventions, women’s ageing, and paediatric radiology. She is proficient in English, Kannada, Tamil, Malayalam, and Hindi. Recently, she performed an essential role as part of a team of radiologists at Manipal Hospital Old Airport Road in Bangalore, highlighting the critical significance of radiology in the diagnosis of COVID-19. Her involvement in this team demonstrates her devotion to patient care at crucial moments. Dr. Rupa Ananthasivan has established herself as an expert in radiology due to her remarkable credentials, participation in prestigious organisations, and significant accomplishments. Her dedication to patient care, participation in scholarly endeavours, and active engagement in increasing awareness make her an essential asset in radiology.
