

DR. SUDARSHAN RAWAT

HOD & Consultant – Radiology

Qualification

MBBS from Pt JNM Medical College, Raipur | DNB (Radiology) from Manipal Hospital, Bangalore, and National Board of Examinations, New Delhi | DMRD from Kasturba Medical College, Manipal.

Overview

Dr. Sudarshan Rawat is a highly accomplished radiology consultant and head of the Radiology department at Manipal Hospital Old Airport Road, India. He holds an MBBS degree from Pt JNM Medical College in Raipur and a DNB in Radiology from Manipal Hospital and the National Board of Examinations in New Delhi. Additionally, he obtained a DMRD from Kasturba Medical College in Manipal. Dr. Rawat is registered with the Indian Radiological and Imaging Association (IRIA) and Karnataka Medical Council (KMC) and is an esteemed member of the Indian Society of Gastroenterology & Abdominal Radiology. Dr. Rawat's proficiency includes various specialised areas. He is a specialist in oncological imaging and CT/MRI cross-section body, offering valuable insights into the diagnosis and treatment of complex medical conditions. Furthermore, his expertise extends to head and neck radiology, a critical field that demands precision and accuracy. Dr. Rawat also possesses significant skills in non-vascular intervention, showcasing his ability to perform minimally invasive procedures for diagnostic and therapeutic purposes. His fluency in both English and

Hindi ensures effective communication with patients from diverse backgrounds, promoting a comfortable and inclusive healthcare environment. Dr. Rawat is the best radiologist in Bangalore. Recognized for his exceptional contributions to the field, Dr. Rawat has achieved numerous honours and achievements throughout his career. Notably, he served as a National Board Examiner in Radiology in New Delhi, demonstrating his expertise in evaluating and shaping future radiologists. As a DNB teacher at Manipal Hospital in Bangalore, he imparts his knowledge and mentors aspiring radiologists, contributing to the growth and development of the medical community. Dr. Rawat's groundbreaking work has been acknowledged by prestigious organisations worldwide. He received the Best Educational Exhibit Award from the Radiology Society of North America (RSNA) in 2009 for his exceptional presentation on ‘Multimodality Imaging of Infections & Infestations of Bowel’. Additionally, he was honoured with an educational exhibit award from the American Society of Head & Neck Radiology in Toronto, Canada, for his enlightening exhibit on ‘Imaging Neck Infections’. These awards reflect Dr. Rawat's commitment to advancing medical knowledge and providing invaluable educational resources to fellow professionals. The depth of Dr. Rawat's expertise is further evident in his noteworthy publications in renowned medical journals. His research and findings have been featured in Clinical Radiology (UK), the American Journal of Radiology, the Journal of Gastrointestinal & Abdominal Radiology, and the Indian Journal of Radiology & Imaging. With an impressive reputation, extensive expertise, and a commitment to patient care, Dr. Sudarshan Rawat continues to make significant contributions to the field of radiology. His compassionate approach and exceptional skills enable him to provide accurate diagnoses, effective treatment plans, and optimal patient outcomes. Dr. Rawat's commitment to excellence positions him as a trusted and respected healthcare professional in Bengaluru and beyond.

Fellowship & Membership

- Registered with Indian Radiological & Imaging Association (IRIA).
- Karnataka Medical Council (KMC).
- Member of Indian Society of Gastroenterology and Abdominal Radiology.

Field of Expertise

- CT / MRI cross-section body and oncological imaging
- Head & neck radiology
- Non-vascular intervention

Languages Spoken

- English
- Hindi

Awards & Achievements

- National board examiner in Radiology, New Delhi.
- DNB teacher at Manipal Hospital, Bangalore.
- Radiology society of North America (RSNA), best educational exhibit award 2009: “Multimodality Imaging of Bowel infections and infestations “- A pictorial review.
- Radiology society of North America (RSNA, 2009), educational exhibit: “Multimodality Imaging of Bowel infections and infestations “A pictorial review. Radiology society of North America (RSNA, 2009), educational exhibit: “CT findings of mesenteric ischemia”.

- Radiology society of North America (RSNA, 2009), educational exhibit: “High Resolution CT and MRI in depiction of geniculate ganglion anatomy and pathologies”.
- American society of Head and Neck Radiology, Toronto, Canada, educational exhibit. “Imaging Neck Infections”.
