

DR. ANAND R SHENOY

Consultant - Interventional Cardiology

Qualification

MBBS | MD | DM | FICC | FSCAI | MEAPCI | FESC | FACC | FRCP (ED)

Overview

Dr. Anand R. Shenoy is a cardiologist in Bengaluru, who is currently associated with the Manipal Hospitals, Old Airport Road, Bengaluru, as a Consultant in Interventional Cardiology. He has many degrees to his name, including MBBS, MD, DM, FICC, FSCAI, MEAPCI, FESC, FACC, and FRCP (ED). He specialises in ischaemic heart disease treatment, CAD, angioplasty (PTCA), device closure, primary PCI, and lastly, peripheral interventional pacemakers. He has conducted many seminars and published research papers and articles that are vital to medical students today. At Manipal Heart Foundation, under the International Journal of Cardiology, he conducted a seminar on non-surgical septal reduction for hypertrophic cardiomyopathy in childhood. Another seminar he conducted was on perimembranous SCD closure using a duct occluder at the same place. He presented a paper in Buenos Aires, Argentina, at the Fourth World Congress of Paediatric Cardiology and cardiac surgery. He presented a case report at the Manipal Heart Foundation on PTSM in childhood and percutaneous RSOV closure using a duct occluder. In March 2004, he presented at IJN's first live course in paediatric cardiology, which was held in Kuala Lumpur, Malaysia. In July 2003, he showcased his expertise at St. John's Medical College Hospital, Bangalore, India, for the Indian Heart Journal on transcatheter closure of aortopulmonary window using an Amplatzer device. A month prior to this, he conducted a seminar on acquired aortopulmonary fistula at the same place. He has conducted several other talks and seminars, and his research papers are cited by students globally. Dr. Shenoy is a top heart specialist in Old Airport Road. Dr. Shenoy is a renowned member of many medical societies within the country and globally as well. He is a Fellow of the Society of Cardiovascular Angiography and Interventions in the USA and a member of the European Association of Percutaneous Coronary Interventions. He is also a Fellow of the Indian College of Cardiology and a Fellow of the European Society of Cardiology. Along with speaking four languages (Hindi, English, Kannada, and Konkani), Dr. Anand R. Shenoy has received many awards and achievements for his work and research. He has received training in LMCA Intervention at ASAN Medical Centre, Seoul, S. Korea. He has also received training in CTO and Retrograde technique at Kamakura and Yokohama in Japan under Dr. Shigeru Saito and Dr. Muramatso. He was also awarded the Cochrane Research Scholarship award in 2010. Some of the services provided by Dr. Shenoy include cardiac catheterisation, carotid angioplasty and stenting, mitral/heart valve replacement, CT angiogram, acute aortic dissection, cardiothoracic surgery, cardiac rehabilitation, echocardiography, BP monitoring, stress echocardiography, device closure for congenital heart diseases, dobutamine stress test, FFR (fractional flow reserve), trans-oesophageal echo, and PAMI. Overall, he has completed over 4000 angioplasties and more than 8000 successful interventions.

Fellowship & Membership

- FSCAI- Fellow of Society of Cardiovascular Angiography and Interventions (USA)

- FICC Fellow of Indian College of Cardiology (INDIA)
- Member of European Association of Percutaneous Coronary Interventions (MEAPCI). FESC (Fellow of European Society of Cardiology)

Field of Expertise

- Ischemic Heart Disease. CAD, Angioplasty (PTCA)
- Primary PCI
- Peripheral Interventional Pacemakers
- Device Closure

Languages Spoken

- Kannada
- Hindi
- English
- Konkani

Awards & Achievements

- Trained in LMCA Intervention at ASAN Medical Centre Seoul, S. Korea
- Trained in CTO and Retrograde Technique at Kamakura and Yokohamas, Japan under Dr. Shigeru Saito and Dr. Muramatso
- Cochrane Research Scholarship Award (2010)

Talks & Publications

- Non-surgical Septal Reduction for Hypertrophic Cardiomyopathy in childhood, V. Subash Chandra, M. Jayranganth and Anand R. Shenoy, Department of Cardiology, Manipal Heart Foundation, Bangalore 560 017, India, International Journal of Cardiology 106(2006) 355-359.
- Perimembranous VSD closure using Duct Occluder, M Jayranganath, Anand Shenoy, Padmakumar, V Subashchandra, Department of Cardiology, Manipal Heart Foundation, Bangalore 560 017, India. Paper presented at the Fourth World Congress of Paediatric Cardiology & Cardiac Surgery held on September 18-22, 2005 in Buenos Aires, Argentina
- PTSMA in childhood - A Case Report & Percutaneous RSOV closure using Duct Occluder - A Case Report - Department of Cardiology, Manipal Heart Foundation, Bangalore 560 017, India. Posters presented at IJN 1st live course in Paediatric Cardiology held at Kuala Lumpur, Malaysia in March 2004.
- Transcatheter closure of aortopulmonary window using Amplatzer device, Naik GD, Chandra VS, Shenoy A, Isaac BC, Shetty GG, Padmakumar P, Jayranganath M. St. John's Medical College Hospital, Bangalore, India. Catheter Cardiovasc Interv. 2003 Jul; 59(3):4025.
- Acquired aortopulmonary fistula, Shenoy AR, Naik GD, Varghese K, Shetty GG, Iyengar SS, St. John's Medical College Hospital, Bangalore, India. Indian Heart J. 2003 May-Jun; 55(3):268-71.
- Premature Coronary Artery Disease, AR Shenoy, BK Raghunandan, BC Isaac, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- Relative Left Ventricular Wall Thickness in Dilated Cardiomyopathy, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- Left Atrial Size and Volume in Coronary Artery Disease and Non coronary Artery Disease Patients Compared to Normal Persons, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- A Study of Prevalence of Metabolic Syndrome in Patients with Ischemic Heart Disease in South India, FR Nadri, B Isaac, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart J. 2003 Sept-Oct; 55(5) Abstract Issue.
- Left Atrial Size and Volume in Correlation With Left Ventricular Mass, Diastolic Dysfunction and Cardiovascular Risk Burden, AR Shenoy, K Varghese, SS Iyengar, St John's Medical College Hospital, Bangalore, Indian Heart

- J. 2003 Sept-Oct; 55(5) Abstract Issue
- Gross left ventricular voltage with preexcitation in isolated left ventricular non-compaction, Shenoy AR, Naik GD, Varghese K, Shetty GG, Iyengar SS, St. John's Medical College Hospital, Bangalore, J Association Physicians India. 2003 Oct; 51:1017-20.
