

DR. NIRANJAN JAYASHEELA

Consultant - Anaesthesia

Qualification

MBBS | MD | FRCA

Overview

Dr. Niranjan Jayasheela is an experienced anesthesiologist in Bangalore. He is currently practicing as a Consultant in anesthesia at Manipal Hospital Old Airport Road. With over 30+ years of extensive experience providing anesthesia for all major surgical subspecialties, Dr. Niranjan has established himself as the best anaesthesiologist in Bangalore. His areas of special interest include Low-flow Anaesthesia and Supraglottic Airways, demonstrating his proficiency in advanced and specialized anesthetic techniques. His unwavering commitment to patient care ensures safety, comfort, and optimal outcomes for every individual undergoing surgery. He is an expert Anesthesiologist. Dr. Niranjan holds an MBBS degree and an MD in Anaesthesiology and is a Fellow of the Royal College of Anaesthetists (FRCA), London. His rigorous academic background is complemented by active participation in national and international conferences, both in India and in the UK, where he has presented research and contributed to advancing the field of anesthesia. Dr. Niranjan's abstract publications in esteemed national and international journals reflect his dedication to research and knowledge-sharing, enabling him to stay updated with the latest

advancements in anesthesiology. In his clinical practice, Dr. Niranjan Jayasheela is adept at anesthesia administration for complex surgical procedures, including General Surgery, Orthopaedics, Cardiothoracic Surgery, Neurosurgery, and Paediatrics. His meticulous approach to pre-operative assessment and intraoperative management ensures patients receive tailored anesthetic care that aligns with their unique medical needs. His experience in low-flow anesthesia allows for a more efficient and environmentally conscious approach to anesthetic delivery, reducing resource consumption without compromising patient safety. Similarly, his proficiency in supraglottic airway management enhances airway security during surgical procedures, particularly in challenging cases. Beyond his clinical acumen, Dr. Niranjan Jayasheela strongly emphasizes patient education and comfort. His compassionate and professional demeanor ensures a stress-free experience for individuals undergoing surgery, making him a preferred choice for anesthetic care. Dr. Niranjan, fluent in Kannada, English, and Hindi, ensures effective communication with patients from diverse linguistic backgrounds. His ability to explain complex medical procedures in an accessible and empathetic manner underscores his patient-centric approach to care.
