

DR. PRASANNA K S

Consultant - Medical Gastroenterology

Qualification

MBBS | MD (Medicine) | DM (Gastro)

Overview

Dr. Prasanna K. S. is an experienced gastroenterologist currently practising as Consultant – Medical Gastroenterology at Manipal Hospital Old Airport Road, Bengaluru. With over two decades of clinical experience in internal medicine and gastroenterology, he specialises in the diagnosis and management of gastrointestinal, liver, pancreatic, and biliary disorders. His expertise in advanced endoscopic procedures, hepatology, and clinical gastroenterology has established him as a trusted best gastro doctor in Bangalore for comprehensive digestive healthcare. Dr Prasanna K. S. completed his MBBS from JJM Medical College, Davanagere, followed by an MD in General Medicine. He subsequently pursued his DM in Gastroenterology from the prestigious Sanjay Gandhi Postgraduate Institute of Medical Sciences (SGPGI), Lucknow, where he received advanced training in diagnostic and therapeutic gastroenterology, hepatology, and interventional endoscopy. At Manipal Hospital Old Airport Road, Dr. Prasanna K. S. manages a broad spectrum of digestive disorders, including acid reflux disease, inflammatory bowel disease, gastrointestinal bleeding, liver cirrhosis, fatty liver disease, viral hepatitis, pancreatic disorders, biliary

diseases, oesophageal motility disorders, and functional gastrointestinal disorders. His procedural expertise includes diagnostic and therapeutic upper GI endoscopy, colonoscopy, ERCP, gastrointestinal manometry, anorectal manometry, oesophageal manometry, pH monitoring, and advanced endoscopic interventions. He is particularly experienced in managing complex liver diseases and pancreatobiliary disorders through minimally invasive endoscopic techniques. Dr. Prasanna K. S. remains actively involved in clinical research and academic activities. He has authored several peer-reviewed publications in reputed national and international journals on topics including drug-induced liver injury, pregnancy-related liver diseases, gastrointestinal motility disorders, portal hypertension, and hepatology. His research has been presented at multiple national and international gastroenterology conferences, reflecting his commitment to evidence-based practice and continuous advancement in digestive disease management, further establishing him as the best gastro doctor in Bangalore for advanced gastrointestinal and liver care. Fluent in English, Kannada, and Hindi, Dr. Prasanna believes in delivering personalised, compassionate, and evidence-based care while helping patients understand their condition and treatment options. His expertise in advanced endoscopy, liver disease management, and complex gastrointestinal disorders has made him a highly respected best gastro doctor in Bangalore for patients seeking specialised digestive healthcare.

Fellowship & Membership

- Dr. Prasanna is well versed in the invasive endoscopic gastrointestinal procedures. He manages complicated gastrointestinal and liver disease and performs complicated endoscopic procedures. He has obtained special training in gastrointestinal manometry and pH metry
- Drug –Induced liver injury with hypersensitivity features has a

better outcome: a single- center experience of 39 children and adolescents.He has also contributed to several Abstracts namely:Mortality prediction with a simple model of bilirubin and international normalized ratio (INR) in pregnancy specific liver diseases (PSLD).

- Ascitic paracentesis in patients with Buddchiari Syndrome on oral anticoagulation is safe despite high INR.
- Devarbhavi H, Karanth D, Prasanna KS, Adarsh CK, Patil M. Drug-Induced liver njury with hypersensitivity features has a better outcome: a single-center experience of 39 children and adolescents. Hepatology. 2011 Oct;54(4):1344-50. doi: 10.1002/hep.24527. Epub 2011 Sep 6. PubMed PMID: 21735470
