

DR. SANDEEP SATSANGI

Lead Consultant - Hepatology and Transplant Hepatology

Qualification

MBBS | MD (Internal Medicine) | DM (Hepatology and liver transplantation)

Overview

Dr. Sandeep Satsangi is a highly accomplished hepatologist and transplant physician currently practising as Lead Consultant – Hepatology and Transplant Hepatology at Manipal Hospital Old Airport Road, Bengaluru. With over a decade of specialised experience in hepatology, liver transplantation, and advanced liver disease management, he is dedicated to providing comprehensive, evidence-based care for patients with acute and chronic liver disorders. His expertise in managing complex liver diseases and transplant medicine has earned him recognition as one of the best doctors in Bangalore for liver transplant care. Dr. Sandeep Satsangi completed his MBBS from MNR Medical College, Sangareddy, graduating with distinctions in multiple subjects. He went on to pursue an MD in Internal Medicine from Kasturba Medical College, Mangalore, where he graduated as the university topper. He further specialised by completing a DM in Hepatology and Liver Transplantation from the prestigious PGIMER, Chandigarh, once again securing the top rank in the institute's exit examination. During his training, he gained extensive experience in managing advanced liver diseases, liver failure, portal hypertension,

viral hepatitis, and transplant hepatology while contributing significantly to academic research. At Manipal Hospital Old Airport Road, Dr. Sandeep Satsangi leads the hepatology and transplant hepatology programme, providing specialised care for patients with fatty liver disease, alcohol-related liver disease, cirrhosis, viral hepatitis, autoimmune liver disorders, acute and chronic liver failure, liver cancer, and complex hepatobiliary conditions. He plays a pivotal role in the comprehensive evaluation of liver transplant candidates, the optimisation of patients before transplantation, long-term post-transplant care, and the assessment of living liver donors, ensuring safe donor selection and successful recipient outcomes through multidisciplinary collaboration. His extensive expertise in liver transplantation and hepatology has earned him recognition as one of the best doctors in Bangalore for liver transplant. Beyond clinical practice, Dr. Satsangi has made significant contributions to hepatology research, education, and public health initiatives. He has authored numerous publications in leading national and international journals covering liver transplantation, hepatitis management, acute-on-chronic liver failure, direct-acting antiviral therapies, fatty liver disease, and liver complications associated with systemic illnesses. He has presented award-winning research at prestigious conferences, including INASL, ISGCON, APASL, and AASLD, and previously served as Assistant Editor of the Journal of Clinical and Experimental Hepatology. He has also contributed to physician training programmes through telemedicine initiatives that improve early detection and management of liver diseases across India. Fluent in English, Hindi, Telugu, and Kannada, Dr. Satsangi is known for his compassionate communication, personalised treatment planning, and patient-centred approach. By combining advanced hepatology expertise, transplant medicine, and evidence-based clinical care, he has become one of the best doctors in Bangalore for liver transplant and comprehensive liver disease management.

Field of Expertise

- Complex Hepatobiliary Conditions.
- Non-alcoholic fatty liver disease.
- Alcoholic liver diseases.
- Cirrhosis of the liver.
- Acute liver failure.
- Liver Cancer.
- Liver Transplantation.
- Liver Cancer.
- Liver Transplantation.

Languages Spoken

- English
- Hindi
- Telugu
- Kannada

Awards & Achievements

- MD: Best outgoing student 2011 batch, scored first rank in the Cardiology-Respiratory Medicine exam, and secured first prize in the M.D intercollegiate quiz competition (2013) held at Cochin, India.
- DM: Topped the exam held at the distinguished institute of PGI, Chandigarh in 2016.
- He also received the FIRST prize in the plenary session for the best paper award for an oral presentation on “Monocyte HLA-DR expression, neutrophil oxidative burst capacity and cytokine analysis in patients with decompensated cirrhosis with and without acute-on-chronic liver failure (ACLF)” in Delhi.

- Served as the Assistant Editor of the prestigious Journal of Clinical and Experimental Hepatology from July 2016 to July 2017, which is an International peer-reviewed journal of Hepatology.
- Actively assisted Prof. R.K Dhiman and his team in the process of devising the scientific program and abstract evaluation for INASL 2016 & ISHEN 2017.
- Was actively involved in training the community level physicians in the state of Punjab, India in the field of Hepatology under the guidance of Prof. R.K Dhiman via. the program 'ECHO', which involves telemedicine services.
