

DR. ARCHANA S

Consultant - Maxillofacial Surgery and Implantology

Qualification

BDS | MDS Cert. in Implantology

Overview

Dr. Archana S is a distinguished dental medicine specialist in Bangalore. She's currently practising as a Consultant - Maxillofacial Surgery and Implantology at Manipal Hospital Old Airport Road, renowned for her surgical precision, academic leadership, and patient-centric approach in maxillofacial care. With an extensive clinical journey spanning over 19 years, she has earned a reputation as one of the most trusted maxillofacial surgeons for complex oral surgeries, facial reconstruction, maxillofacial trauma, and advanced implantology. She is widely recognised for mentoring future surgeons and contributing to global clinical advancements in the field. Throughout her medical career, Dr. Archana has combined evidence-based treatment with modern technology to deliver safe, aesthetic, and functionally superior outcomes. She holds a BDS and MDS, further strengthened by a Certification in Implantology, enabling her to perform intricate dental-implant and facial procedures with enhanced accuracy. Her mastery in managing oral pathologies, jaw deformities, trauma-related injuries, and TMJ disorders reflects her ability to treat not just the visible defect but the entire functional and aesthetic

requirement of the facial structure a skill highly valued by both patients and clinicians. What sets Dr. Archana apart is her ability to provide comprehensive maxillofacial rehabilitation, supported by profound diagnostic insight and well-planned surgical execution. She is experienced in minor oral surgical procedures, implantology, TMJ pathology and management, aesthetic facial procedures, maxillofacial trauma surgeries, and advanced reconstructive techniques. Her expertise in placing dental implants, correcting facial defects, restoring jaw alignment, and performing customised reconstructive surgeries has transformed both functional abilities and confidence for thousands of patients over the years. She remains committed to achieving results that align with long-term oral health, structural stability, and natural aesthetics, making her a sought-after specialist for routine as well as high-risk maxillofacial cases. Beyond her clinical contributions, Dr. Archana is deeply involved in academic research and professional training. She is a Life Member of the IAOMS (International Association of Oral and Maxillofacial Surgeons) and continues to pursue advanced research, including a PhD in Maxillofacial Surgery. She has delivered guest lectures at various national forums, presented numerous scientific papers, conducted clinical workshops, and published several research studies in reputed international journals. Her academic engagements reflect her commitment to shaping the future of maxillofacial surgery through innovation, education, and ethical practice. Fluent in English, Kannada, Hindi, Tamil, and Telugu, she ensures smooth communication with patients from diverse backgrounds, helping them understand procedures clearly and make informed decisions. Her empathetic interaction, methodical counselling, and emphasis on personalised care reduce procedural anxiety and build strong trust among her patients. With her expertise, precision-driven approach, and focus on evidence-based care, Dr. Archana S continues to be recognised as one of the leading Oral and Maxillofacial Surgeons and Implantologists at Manipal Hospital, Old Airport Road, offering patients safe, aesthetic, and long-lasting

solutions in facial surgery, reconstruction, and implant rehabilitation.
