

DR. SRIPRADA VINEKAR

Senior Consultant – Obstetrics & Gynaecology

Qualification

MBBS | MD (OBG) - AIIMS | DNBE | FMIS

Overview

Dr. Sriprada Vinekar is a renowned obstetrician and gynaecologist in Bengaluru with advanced training in minimally invasive gynaecological surgery and high-risk obstetrics. She is currently practising as a Senior Consultant – Obstetrics and Gynaecology at Manipal Hospital Old Airport Road Bengaluru, bringing more than a decade of experience in complex gynaecological care and evidence-based management of high-risk pregnancies. Her clinical expertise centres on advanced laparoscopic and hysteroscopic gynaecological surgeries. She routinely performs laparoscopic hysterectomy, myomectomy, ovarian cystectomy, ectopic pregnancy surgery, tubectomy, abdominal cerclage, isthmocele repair, and complex hysteroscopic procedures. These areas of focus, combined with consistent surgical outcomes, place her among the best gynaecologists in Old Airport Road, for women requiring minimally invasive surgical solutions. Dr. Vinekar completed her MBBS at St. John's Medical College, where she was awarded the Best Outgoing Female Student, reflecting early academic distinction. She pursued her MD in Obstetrics and Gynaecology at the All India Institute of Medical Sciences (AIIMS), New Delhi. During her

postgraduate training, she was awarded the Hingorani Gold Medal in 2004 by the Honourable Minister of Health, Government of India, recognising outstanding academic and clinical performance. She later served as a Senior Resident at PGIMER, gaining exposure to complex referral cases and advanced surgical training. To further refine her surgical practice, Dr. Vinekar completed a Fellowship in Minimal Invasive Surgery at the Bangalore Endoscopic Surgery Training Institute. She has previously worked as a Consultant Laparoscopic Surgeon at various hospitals, where she managed high-complexity gynaecological cases and fertility-related surgical conditions. Her procedural expertise includes managing fibroids, endometriosis, adnexal pathologies, uterine anomalies, and post-caesarean scar defects using minimally invasive approaches. Her academic contributions include multiple peer-reviewed publications in journals such as the Journal of Human Reproductive Sciences and Journal of ECT, covering reproductive medicine, assisted reproductive techniques, and neuro-endocrine research. She has also been an invited faculty member at national conferences and has received awards for best paper and poster presentations at Gnanavarsha scientific meetings. These academic and surgical contributions reinforce her reputation as one of the best gynaecologists in Old Airport Road, particularly for advanced laparoscopic gynaecology. At Manipal Hospital Old Airport Road, Dr. Vinekar plays an integral role in delivering structured surgical care, guiding clinical teams, and managing complex gynaecological and obstetric conditions. Her approach combines surgical precision with thoughtful clinical judgement, ensuring continuity of care through every stage of a woman's life. Dr. Vinekar consults in English, Kannada, Tamil, Hindi, and Telugu, enabling clear communication and personalised care for women from diverse linguistic and cultural backgrounds.
