

**DR. MANASA HEGDE**

Associate Consultant - Dermatology

**Qualification**

MBBS | MD | DNB | FRGUHS (Trichology)

## Overview

Dr. Manasa Hegde is a highly skilled and board-certified dermatologist with specialised expertise in clinical dermatology, trichology, and dermatosurgical procedures. She is currently practising as an Associate Consultant – Dermatology at Manipal Hospital Old Airport Road, bringing a strong academic background and advanced clinical training to deliver comprehensive skin, hair, and aesthetic care. With qualifications including MBBS, MD, DNB, and a Fellowship in Trichology (FRGUHS), Dr. Manasa combines evidence-based dermatological practice with a patient-centric approach to treatment. Over the course of her career, she has developed expertise in managing a wide spectrum of dermatological conditions, ranging from common skin concerns to complex hair and scalp disorders. Her core areas of interest include clinical dermatology, trichology, cosmetology, and dermatosurgery. She is particularly experienced in diagnosing and treating hair-related conditions such as androgenetic alopecia, telogen effluvium, alopecia areata, and other scalp disorders. Her training in trichology and hair transplantation enables her to provide advanced solutions for hair restoration, ensuring natural and long-lasting

outcomes. Dr. Manasa also has extensive experience in aesthetic dermatology and cosmetology. She offers personalised treatment plans for concerns such as acne, pigmentation, scars, and signs of ageing. Her approach focuses on combining medical treatments with minimally invasive cosmetic procedures to achieve optimal results while maintaining skin health. In dermatosurgery, she is skilled in performing procedures that address both medical and cosmetic dermatological conditions with precision and safety. Her clinical practice is rooted in accurate diagnosis, patient education, and long-term management strategies. She believes in empowering patients with the right knowledge about their condition, ensuring they feel confident and informed throughout their treatment journey. Her calm and approachable nature helps create a comfortable environment, especially for patients dealing with chronic or sensitive skin and hair issues. Dr. Manasa’s academic excellence is reflected in her achievement of the Best Outgoing Postgraduate Award from BMCRI in 2023, highlighting her dedication and proficiency in dermatology. She has also contributed to academic research, including an original article focused on the evaluation of dermatological conditions, demonstrating her commitment to advancing knowledge in the field. Fluent in Kannada and other languages as part of a diverse clinical environment, she ensures effective communication with patients from different backgrounds. Her ability to combine clinical expertise with personalised care makes her a trusted choice for individuals seeking treatment for skin, hair, and aesthetic concerns. Dr. Manasa Hegde continues to deliver comprehensive, evidence-based dermatological care, with a strong focus on achieving both medical and aesthetic outcomes. Her expertise in clinical dermatology, trichology, and advanced procedures positions her as a reliable specialist for a wide range of dermatological needs.
