

DR. SUKESH M S

Lead Consultant - Aesthetic Dermatology

Qualification

MBBS | MD (Dermatology) | DNB (Dermatology) | FELLOWSHIP IN LASERS - FIADVL | International Society of Dermatology Merit Fellowship (Warsaw University, Poland)

Overview

Dr. Sukesh M S is a renowned aesthetic dermatologist in Old Airport Road with specialised expertise in aesthetic dermatology, trichology, hair transplantation, and advanced facial rejuvenation procedures. He is currently practising as a Lead Consultant - Aesthetic Dermatology at Manipal Hospital Old Airport Road, Bengaluru, bringing over 17+ years of experience in clinical dermatology, cosmetic procedures, hair restoration, and minimally invasive facial aesthetics. Dr. Sukesh completed his MBBS from Kempegowda Institute of Medical Sciences (KIMS), Bengaluru, followed by MD in Dermatology from the LTM Medical College and Sion Hospital, Mumbai, where he secured the distinction of University Topper. He further pursued DNB Dermatology and completed a Fellowship in Lasers (FIADVL) at AIIMS, New Delhi. Dr. Sukesh’s expertise spans aesthetic dermatology, hair transplantation, pigmentation management, anti-ageing treatments, injectables, facial contouring, and regenerative trichology procedures. In addition to clinical aesthetics, Dr. Sukesh has advanced expertise in laser dermatology and procedural skin rejuvenation. He routinely performs

laser procedures for pigmentation, acne scars, skin resurfacing, and skin tightening using advanced technologies and evidence-based protocols. His approach combines dermatological science with procedural accuracy, ensuring treatment plans remain personalised and medically appropriate for each patient. Over the years, Dr. Sukesh has developed extensive expertise in facial injectables including botulinum toxin treatments, dermal fillers, facial contouring procedures, non-surgical facelifts, and advanced anti-ageing therapies. His work in trichology includes PRP therapy, hair transplantation, scalp rejuvenation, and medical management of patterned hair loss and chronic hair disorders. His refined understanding of facial balance, skin texture, and hair restoration has established him among the best dermatologists in Old Airport Road for customised aesthetic and trichology treatments. Dr. Sukesh has held prominent academic and leadership roles in dermatology at national and international levels, serving as Regional Director for India at MEIDAM, Dubai, UAE, and contributing to organisations such as CDSI, IADVL, FUE Asia, and the International Society of Dermatology. He is also an international trainer for postgraduate aesthetics fellowship students at Cutis Academy, Nepal. He has delivered over 500 lectures and workshops globally and trained more than 500 dermatologists in aesthetics, lasers, trichology, and hair transplantation. He has contributed to over 30 textbooks, published research papers in indexed journals, and serves on the editorial and reviewer boards of several dermatology journals. His work in trichology has earned him recognition as a Global Authority – F1000 Group in Trichology.
