

DR. ARWA MOHSIN E

Consultant - Obstetrics & Gynaecology

Qualification

MBBS | MD (Obs & Gyn) | Advanced course in Endoscopy & Obs & Gyn. Ultrasonography

Overview

Dr. Arwa Mohsin is a well-respected member of the medical staff at the Consultant - Obstetrics & Gynaecology post. A gynaecologist needs knowledge of their field and a lot of empathy, and Dr. Arwa Mohsin adds exactly that to work with patients. She has established herself in a significant role in the medical community with a remarkable career of several years, earning the admiration of patients and colleagues. As a Senior Consultant at Manipal Hospitals in Old Airport Road, Dr. Arwa Mohsin embodies professionalism and dedication in her practice. She is committed to providing comprehensive healthcare services for women's unique needs. Patients can trust her ability to deliver personalised attention and the highest standard of care. Dr. Mohsin's proficiency extends to various obstetric and gynaecological procedures. Whether it is prenatal care, managing high-risk pregnancies, or performing minimally invasive surgeries, she demonstrates exceptional surgical skills and meticulous attention to detail. Her expertise ensures positive outcomes and enhances the overall patient experience. She has also performed gynaecological surgeries, hysterectomies & diagnostic laparo-hysteroscopy, and

endoscopic surgeries. No wonder she has positioned herself as a top gynaecologist in Bangalore. One of Dr. Arwa Mohsin's most notable qualities is her warm and compassionate approach to patient care. She creates a welcoming environment that encourages open communication and establishes patient trust. By listening to and addressing their concerns empathetically, she fosters a strong doctor-patient relationship, ensuring patients feel heard and supported throughout their healthcare journey. The best part is that she masters several Indian languages and English to connect with her patients easily. Dr. Mohsin actively contributes to the development of her field through academic and research initiatives, along with her clinical practice. She is up-to-date with the most recent advancements in gynaecology and incorporates them into her treatment strategies. Her dedication to continuing education guarantees her patients the most innovative treatment and aftercare possible. Dr. Arwa Mohsin's exceptional communication skills are another aspect that sets her apart. She effectively communicates complex medical information that is easily understandable for her patients. She gives her patients the advice they need to participate in their treatment by teaching them about their conditions and giving them all possible treatment options and outcomes. Its exceptional professional achievements, persistent commitment, and patient-centred ethos have led Dr. Arwa Mohsin to become a Senior Consultant in Obstetrics and Gynaecology.
