

## DR. SRIDHARA G

Consultant - Interventional Cardiology, Cardiac Electrophysiology

### Qualification

MBBS: Bangalore Medical College, Bangalore | MD: Maulana Azad Medical College, New Delhi | DM: Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh

### Overview

Dr Sridhara G. is associated with the Manipal Hospitals, Old Airport Road, Bengaluru as an Interventional Cardiology and Cardiac Electrophysiology Consultant. Dr. Sridhara's field of experience covers decades of hard work. He worked on cardiac interventions as well as diagnostic procedures performed in CathLab for over 14 years. He completed his MBBS from Bangalore Medical College in Bangalore and his MD degree from Maulana Azad Medical College in New Delhi. He also completed his DM degree from the Postgraduate Institute of Medical Education and Research (PGIMER) in Chandigarh. Dr. Sridhara G. has conducted many seminars and published many research papers that are cited by students worldwide. At an API conference in New Delhi in 2001, he presented his research work while gaining his MD degree. In 2004, he presented more of his research at a CSI conference in Bangalore while obtaining his DM degree. With a passion for social work, he went to the Tumkur as well as Kolar districts to conduct and organise health camps. His research work as an MD student was published in the Indian Practitioner Journal in 2002. The Indian Journal of Cardiology published his work on device closure of VSD, ASD, and PDA in 2004 and Cyanotic Spells in the Tetralogy of Fallot in 2005. Certain medical websites have also published his work. Neurology India published an article by him on strokes being a rare presentation of cardiac amyloidosis in March 2003. Express Healthcare published his article on the treatment and prevalence of coronary artery calcification. Dr. Sridhara is the best cardiologist in Old Airport Road. Dr. Sridhara has gained experience working as an interventionist for coronary and structural heart diseases. He has saved many lives by performing many primary percutaneous interventions for patients suffering from heart attacks. He also specialises in cardiac electrophysiology for the treatment of cardiac arrhythmias. He is experienced in performing cardiac electronic device implantations, which include setting up pacemakers of CRT-P and CRT-D types. His interests also lie in performing electrophysiology ablation procedures for SVT such as AVNRT and accessory pathways. Additionally, the doctor specialises in performing atrial flutter and idiopathic VT ablations. He conducts these by using 3D electro-anatomical mapping systems. He is also an expert in the paediatric catheterisation procedure, including device closure. Dr. Sridhara G. is known for his kind nature towards his patients; he can speak English, Hindi, Telugu, and Kannada, which ensures efficient communication with his patients from diverse backgrounds. He has won many awards at national and university levels, including the Rotary Gold Medal for MD Medicine in the year 2001 from Delhi University; the Nova Nordisk Educational Grant Award for Best Research Work in Diabetes at the National Level; and The Gold Medal for applying Fuzzy Logic for the diagnosis of CAD in PHC (Institution of Engineers of India). Furthermore, he is a renowned member of many medical societies in India, including the Cardiological Society of India, the Indian Heart Rhythm Society, the Indian Association of Clinical Medicine, and the Asia Pacific Heart Rhythm Society.

### Fellowship & Membership

- Member of Cardiological Society of India
- Member of Indian Heart Rhythm Society
- Member of Indian Association of Clinical Medicine
- Member of Asia Pacific Heart Rhythm Society

## Field of Expertise

- Has over 14 yearsâ experience and expertise on all the Cardiac Interventions and Diagnostic procedures performed in Cathlab
- Experienced Interventionist for Coronary and Structural Heart Diseases including Valvular Interventions. Performed large number of Primary Percutaneous emergency lifesaving interventions in Heart Attack.
- Special interest in Cardiac Electrophysiology for treatment of Cardiac Arrhythmias. Has vast experience in Cardiac Electronic Device implantations including pacemakers CRT-P and CRT-D.
- Experienced and expertise in performing Electrophysiology Ablation procedures for SVT like AVNRT and Accessory Pathways.
- Performed Atrial Flutter and Idiopathic VT Ablations with 3D Electro Anatomical mapping systems. Also has gained expertise and experience in Paediatric Catheterization procedures including Device Closure.

## Languages Spoken

- Kannada
- Telugu
- English
- Hindi

## Awards & Achievements

- Rotary Gold Medal for MD- Medicine 2001 from Delhi University
- Nova Nordisk Educational Grant Award for Best Research work at National Level for Diabetes
- Gold Medal for application of Fuzzy Logic for diagnosing CAD in PHC- Institution of Engineers of India

## Talks & Publications

- Presented MD research work at API conference, NewDelhi-2001.
- Presented DM research work at CSI conference- Bangalore-2004.
- Conducted and Organized many Health Camps in Tumkur and Kolar Districts.
- MD Research work in Indian Practitioner Journal 2002.
- Stroke a rare presentation of Cardiac Amyloidosis- Neurology India March 2003.
- Device closure of ASD, VSD and PDA. Indian Journal of Cardiology 2004.
- Cyanotic spells in Tetralogy of Fallot, Indian Journal of Cardiology 2005.
- Radiation Hazards in Cathlab, Indian Journal of cardiology 2005.
- Dr. Sridhara G on Coronary Artery Calcification: Its prevalence and treatment methods | Express Healthcare.
