

DR. VISHWANATH M S

Consultant - Orthopaedic Surgery

Qualification

MBBS | MS (Orthopaedics)

Overview

Dr. Vishwanath M. S., one of the top orthopaedic surgeons in Bengaluru has over 32-plus years of clinical expertise as his backing. Spinal trauma surgical procedures, joint replacement surgeries, joint mobilisation procedures, foot injury, osteoarthritis treatment, spinal deformity, and arthroscopic surgeries are his areas of expertise. Currently, he is associated with the Manipal Hospitals in Old Airport Road in the role of Consultant - Orthopaedic Surgery. Dr. Vishwanath is well-known for his accurate diagnosis, high-precision surgical procedures, and kind approach to treating patients. His vast years of experience in his illustrious career have helped him perform a rare hip reconstruction surgical procedure with the femoral head. His areas of specialisation include performing knee arthroscopy, spinal deformity, joint replacement, and spinal trauma correction procedures. At the All India Conference, this eminent orthopaedic surgeon presented his paper titled, ‘Humeral Interlocking Nailing’. He has memberships in some of the prestigious institutions in the country, such as the Karnataka Orthopaedic Association, Bangalore Orthopaedic Society, and Indian Orthopaedic Association. His speciality includes high-

precision diagnosis and suggesting the right treatments for the disorders of the joints, tendons, ligaments, bones, and muscles to curb them from developing as chronic conditions. After completing the MBBS degree from Karnataka's Bellary Medical College, he enrolled in Bangalore Medical College to get an MS in Orthopaedics. Dr. Vishwanath is well-versed in languages like Hindi, English, and Kannada, which lets the patients seek medical treatment in the local language for better understanding. He has helped hundreds of patients with osteoarthritis condition overcome their mobility issues by prescribing knee braces. Dr. Vishwanath is the best orthosurgeon in Bangalore. With a noteworthy career as an orthopaedic surgeon, Dr. Vishwanath M. S. has performed numerous arthroscopy procedures for the knee, ACL reconstruction procedures, knee pain treatment, spinal therapy, and lower back pain treatment to help thousands get relief from acute pain and inflammation. His areas of specialisation are foot drop foot assessment, diabetic foot check-up, ankle-brachial index foot pressure, neuropathy assessment, treatment for foot injuries, joint mobilisation arthroscopic procedures, and hip replacement procedures. He is also an expert in offering high-risk wound treatment, vascular assessment, knee braces to treat osteoarthritis, and lower extremity wound treatment. With an elaborate career span of more than three decades, Dr. Vishwanath M. S. has treated many patients requiring complex and minimally invasive procedures like hip resurfacing procedures, tibial osteotomy, ACI or Autologous Chondrocyte Implantation, joint dislocation, spinal fusion, Birmingham Hip Resurfacing (BHR), knee osteotomy, limb abnormalities, hip resurfacing, septic arthritis, limb lengthening, Posterior Cruciate Ligament (PCL) Reconstruction, patella femoral replacement, ACL reconstruction, and arthroscopic meniscectomy procedure.
