

DR. RADHAKRISHNAN C N

HOD & Consultant - Paediatric Surgery and Paediatric Urology

Qualification

MBBS | MS | DNB | FRCS (Edinburgh) | FRCS (Paediatric Surgery)

Overview

Dr. Radhakrishnan C N is a renowned Paediatric Surgeon who is currently the Head of the Department of Paediatric Surgery & Paediatric Urology at Manipal Hospitals, Bangalore, with almost 30 years of experience. His credentials include an MBBS, an MS in General Surgery, a DNB, an FRCS, and an FRCS in Paediatric Surgery. His vast area of expertise lies in paediatric trauma, urology, paediatric GI, neonatal surgery, gastrointestinal surgery, paediatric laparoscopic surgery and robotic surgery, and congenital urological conditions with a special interest in hypospadias. Before becoming a Paediatric and General Surgery Specialist, Dr. Radhakrishnan C N had positions as a Registrar in Paediatric Surgery in the UK and a coaching consultant at the Children's Hospital of Kuwait. A comprehensive list of his accomplishments includes lecturing the Advanced Paediatric Life Support and Comprehensive Trainer Life Support Courses in the UK and working as a reviewer for the UK's Royal College of Surgeons' MRCS examination. Dr. Radhakrishnan asserts that nothing is more rewarding than having the opportunity to enhance young children's lives and assist them in enjoying normal, full lives. He takes great pride as a

member of the Indian Association for Paediatric Surgeons and the Indian Association of Paediatric Urology. The doctor has presented his paper on "The Tunica-Vaginalis flap to prevent postoperative fistula following complicated hypospadias repair: Has the search for Holy Grail ended?" at the 20th Asia-Pacific Association of Pediatric Urologists meet APAPU-2018 at New Delhi. His other talks and publications include Limb salvage in an extensive, complex vascular lesion of the arm in an infant, co-authored by Kabilan H K, Chandrappa AB, Vasudevan S, and Radhakrishna C N.
