

DR. SOMANNA

Consultant - Urology

Qualification

MBBS | MS | DNB

Overview

Dr. Somanna is a renowned Urologist currently based in Bangalore. He has wide experience of 37+ years in the field of Urology and related fields. He is currently associated with the Manipal Hospitals at Old Airport Road in Bangalore as a Consultant of Urology. He has expertise in renal sciences, gynaec urology, and renal transplant surgery. He is highly skilled in treating urinary tract infections, conducting dialysis, laser surgeries for treating prostate, etc., using complex surgical procedures and other treatment methods. He speaks fluently in English, Hindi, and Kannada. He completed his MBBS from Karnataka University in the year 1986. He has also been associated with the Karnataka Medical Council since 1986 after graduation. He graduated with a Master of Surgery (MS) in General Surgery with flying colours in 1993. He did his MS from the University of Pune. He completed his DNB exams conducted by the National Board of Examinations in 1995 in Urology and Genito-Urinary Surgery. He is also a part of the Urological Society of India. It is a society that conducts various seminars, activities, and conferences for urologists in India to help them enhance their knowledge and skills. Dr. Somanna is an acclaimed consultant

urologist Bangalore. Dr. Somanna is an expert in various types of urology, like general urology (treatment of urinary tract diseases) and gynaecology-urology (treatment of women's pelvic health issues). He has performed many procedures successfully like renal transplant surgeries, dialysis, urinary tract infection dialysis, prostate laser surgery, open prostatectomy, TUIP (Trans Urethral Incision of the Prostate), and TURP (Transurethral Resection of the Prostate). He has treated patients with various health issues like blood in urine, infertility, kidney issues, and other issues related to his field of work using procedures like cystoscopy. He has participated actively in the activities of the Bangalore Urological Society, as he is a member of the same. He has authored an article about telepsychiatry services and their vital role. The article was published in the Biospectrum, a popular portal that publishes biology and health sciences journals. He is a part of the Urological Society of South India, which promotes urological education. He has studied renal sciences in depth in his career and has worked hard to spread awareness about urology during the past 30 years. He has contributed his research articles and other material to over five publications. He is a part of the Karnataka Urological Society, an association of urologists who work in the state of Karnataka.
