

DR. ANUPAMA T SRIKANTH

Consultant - Anaesthesiology

Qualification

MBBS | DA | MD (Anaesthesia) | Pain and Palliative specialist, Intensivist

Overview

Dr. Anupama T Srikanth is widely known for her highly-skilled expertise in the area of Anaesthesiology. She has six years of expertise as a specialist in anaesthesiology and is now practising at Manipal Hospitals, Old Airport Road, Bangalore. Ultrasound-guided nerve blocks, Onco Surgical Anaesthesia, Difficult airway, and Pain Management are all among the wide range of fields of expertise of the doctor. Known for taking compassionate care of her patients, she is also fluent in several languages, such as English, Kannada, Marathi, Tamil, Hindi, and Gujarati, which enables her to communicate flawlessly with patients from vivid cultural backgrounds. The list of fellowships and memberships under the doctor is a huge collection of accolades, including some of the biggest names possible. Out of all her achievements, the basic certification course by WHO on pain and palliative medicine is a very notable one. Apart from this, she is also a member of some of the prestigious medical bodies like ISA, the Academy of Regional Anaesthesia of India (AORA), and the paediatric Anaesthesia Society. The doctor has also been a part of several talks and publications. Some of the talks and publications that she has been a part of include several prominent names such as - International plastic surgery conference: Infraorbital nerve blocks in cleft lips, National Anaesthesia conference (Nepal) on the Comparison of Propofol vs Thiopental in Paediatric patients for daycare surgery, the Indian Society of Anaesthesia on CPR and modifications, Epidermolysis BULLOSAE and Anaesthesia, and the National Conference in Anaesthesia 2019 on Epidermolysis BULLOSAE from an Anaesthetists perspective.
