

## DR. ARPAN DEV BHATTACHARYA

Consultant - Diabetes and Endocrinology

### Qualification

MBBS | MD | DM | MRCP | CCST | FRCP (Edinburgh)

### Overview

Dr. Arpan Dev Bhattacharya is a highly skilled Consultant Endocrinologist, currently associated with the Manipal Hospitals, Old Airport Road, Bengaluru. He also works as a Professor of Endocrinology at JJM Medical College. He has received numerous academic accolades and honours in six subjects during his MBBS degree. Dr. Bhattacharya completed MD and DNB in Internal Medicine and DM in Endocrinology from PGI, Chandigarh. He has a range of qualifications, including an MRCP, CCST, and FRCP - Edinburgh (2016), and he is currently an international examiner for MRCP. He is proficient in Kannada, English, and Hindi. Dr. Arpan Dev Bhattacharya, an esteemed member of renowned medical associations such as the Association of Physicians and the Endocrine Society of India, has earned recognition for his vast clinical proficiency and knowledge in diabetes and endocrinology. He profoundly understands various aspects of this realm, including gestational diabetes, pituitary disorders, and diabetes management. He also boasts a remarkable track record of keeping up-to-date with new research and advancements pertinent to his discipline by actively engaging in various reputable groups like the Indian Thyroid Society and the Karnataka Research Society for Diabetes Studies. Dr. Arpan is an acclaimed Diabetologist & Endocrinologist in Oldairportroad, Bangalore. Dr. Bhattacharya often conducts informative workshops on various topics related to his expertise. His extensive knowledge base is further evidenced by a series of unique articles he has published throughout his career in peer-reviewed journals renowned for their standards within academia. These 120 publications in various national and global journals testify to Dr. Bhattacharya's depth of understanding. He has constructed procedures in hospital administration of diabetes, diabetes control after CABG/cardiac surgery, diabetes surveillance after acute myocardial infarction, endocrine control after pituitary surgery, and glycaemic management in pregnancy. He is fluent in English, Hindi, and Kannada. He holds memberships in the following organisations: Endocrine Society of India, British Diabetic Association, Society of Endocrinology (UK), Association of Physicians (Karnataka), and Research Society for Study of Diabetes in India. Dr. Bhattacharya is widely recognised for his exceptional proficiency in diabetes management; he is compassionate, hardworking, and focused on the healthcare needs of his patients. Some of his awards and recognitions are as follows: Honours in Anatomy, Physiology, Biochemistry, Community Medicine, Obstetrics & Gynaecology, and Eye & ENT; he also got the University Silver Medal for First Position in MBBS. In addition, he has worked as an Associate College tutor (Royal Albert Edward Infirmary, Wigan). Driven by his passion for providing outstanding healthcare services through personalised courses that cater specifically to each patient's needs, Dr. Bhattacharya sets an inspiring example within his profession and throughout broader diabetic communities alike.
