

DR. DEEPAK KATYAL

Senior Consultant Interventional Cardiology

Qualification

MBBS | MD | DM

Overview

Dr. Deepak Katyal, a heart specialist in Patiala, has more than 16 years of experience in interventional cardiology. He completed his MBBS from Kasturba Medical College, Mangalore, in 2003 and his MD from Government Medical College, Amritsar, in 2008. Dr. Deepak Katyal obtained DM in cardiology from JIPMER, Pondicherry, in 2015. He has expertise in non-invasive cardiology, coronary angiography, primary and elective PTCA and Pacemaker Implantation and Complex Coronary Interventions Intravascular Imaging including IVUS, OCT, Peripheral interventions ASD, VSD and PDA. He is currently associated with Manipal Hospital Patiala as a consultant at the Interventional Cardiology department. Dr. Katyal stands amongst the top interventional cardiologists in Patiala, with an experience of more than a decade and many success stories to share. He is proficient in three languages: Hindi, English, and Punjabi. This enables him to communicate effectively with patients from diverse cultural backgrounds. Dr. Deepak believes in communicating the treatment plan & any medical options to the patients and answering any questions that they may have regarding the course of action. Dr.

Deepak also contributes academically and often collaborates with media houses to spread reliable medical information on trending topics. He has shared an exclusive article on ‘How Can Hypertension Affect Other Organs?’ on Onlymyhealth a Jagran New Media product on World Hypertension Day and an article on ‘Can diabetes and hypertension affect the heart?’ on the Healthsite. Dr. Katyal has garnered appreciation and great reviews from his patients, all this stands as a testament to his sincerity and hard work. His approach to listening to the patients, offering a holistic and personalised treatment plan and guiding the patients about every aspect of the disease and course of action makes him a trusted and reliable name in the medical fraternity. Dr. Deepak actively participates in events, seminars and programmes dedicated to developments in the medical world.
