

DR. CHARANJEET SINGH GILL

Consultant - Dental Surgery

Qualification

BDS | MDS

Overview

Dr. Charanjeet Singh Gill, dental surgeon in Patiala, has more than ten years of experience in dentistry. He completed his BDS in 2014 and his MDS in 2018 from Himachal Institute of Medical Sciences, Poanta Saahib. Dr. Charanjeet Singh Gill has expertise in dental treatments, implants, full mouth rehabilitation and treatment for children. He is currently associated with Manipal Hospital Patiala as a consultant with the dental surgery department. Dr. Charanjeet, a dentist in Patiala, has good experience in identifying, treating, and managing patients' illnesses and disorders. He is capable of offering medical advice with an emphasis on patient evaluations, precise diagnosis, and effective treatment. He has been acknowledged for making intelligent decisions to treat a variety of patient diseases. He also makes sure that confidentiality in data handling, transparency in communication and best practices are followed during the treatment. Dr. Charanjeet Singh is fluent in Punjabi, Hindi, and English. Numerous individuals from various racial, ethnic, and geographic origins have received his care. He also regularly participates in conferences and activities centred on medical developments. He promotes technology utilisation and is constantly willing to adopt new trends and technologies to improve the lives of patients. In order to help his patients make an informed decision about their care, Dr. Charanjeet provides them with accurate information on the disease, its treatment, and any other factors that are relevant to it. He addresses all the concerns that a patient or his family may have so that the patient can go ahead with the treatment with better clarity. Dr. Charanjeet stands amongst the top dental surgeons in Patiala. Effective communication skills, pragmatic approach, and holistic healing-oriented personalised treatment plan make him stand apart from the league. He believes in the vision and motto of Manipal Hospital: clinical excellence, ethical practices and patient centricity. Dr. Charanjeet Singh always reflects all these values in his day-to-day interactions with his patients and his conduct.
