

DR. GAGANDEEP KAUR

Consultant - Paediatrics & Neonatology

Qualification

MBBS | MD | FNNF (Neonatology)

Overview

Dr. Gagandeep Kaur has experience of nearly 6 years in paediatrics and Neonatology. She is a highly trusted and experienced child specialist in Patiala. Dr. Gagandeep completed MBBS in 2014 from the Government Medical College in Amritsar and MD from Sri Guru Ram Das Institute of Medical Sciences & Research. She has a fellowship in Neonatology from the well-known Chaitanya Hospital Chandigarh. Dr. Gagandeep has multiple publications in National and International Journals. She has expertise in Neonatal and Paediatric ventilation and has extensively worked in Neonatal and paediatric Intensive Care Units. Dr. Gagandeep Kaur is a competent doctor with excellent patient outcomes and knows all medical procedures related to paediatric and neonatology. She is proficient in Hindi, English and Punjabi and emphasises and encourages effective communication with patients. It helps her draft a personalised treatment plan based on holistic healing. Dr. Gagandeep is known for being highly professional and empathetic. Her patients have always shared positive feedback about her which is a testament to her commitment and pragmatic treatment approach. She counsels and educates her patients about every aspect related to the treatment so that they can make an informed and confident decision. Besides offering personalised care to patients, Dr. Gagandeep also shares informative articles on the official blog page of Manipal Hospital Patiala to educate people and bust common myths related to paediatric care. Dr. Gagandeep is a highly motivated individual who works with different departments if a case requires a multi-disciplinary treatment approach.
