

DR. VISHAL SHARMA

Consultant - ENT

Qualification

MBBS | MS (ENT)

Overview

Dr. Vishal Sharma is an experienced and widely trusted ENT Specialist in Patiala. He is a medical doctor trained to diagnose and treat disorders of the ear, nose, and throat, as well as related structures of the head and neck. His role involves outpatient consultations, diagnostic procedures, surgical interventions, and interdisciplinary collaboration, with a focus on delivering high-quality care for both adults and children. He has years of experience in the field and has successfully treated thousands of patients from diverse geographical and cultural backgrounds. Dr. Vishal diagnoses and treats conditions such as ear infections, hearing loss, sinusitis, tonsillitis, nasal polyps, voice disorders, and thyroid or salivary gland conditions. He provides care for balance and vestibular disorders, sleep apnea, and snoring issues. Dr. Vishal also manages pediatric ENT disorders, including adenoid hypertrophy, glue ear, and speech delays. He can perform endoscopic examinations and interpret audiometric, radiologic, and lab results. Dr. Vishal is skilled at conducting ENT surgeries such as: Tonsillectomy/adenoidectomy, Septoplasty, FESS (Functional Endoscopic Sinus Surgery), Tympanoplasty, mastoidectomy, and

cochlear implants, Microlaryngoscopy and vocal cord surgeries, Thyroidectomy, parotidectomy, and neck dissections. Dr. Vishal is an ardent believer in patients' rights, and in an attempt to empower his patients, he addresses all the concerns they may have regarding any aspect of the treatment. He also educates patients and caregivers about treatment plans, surgical options, recovery, and lifestyle adjustments, so that they can make an informed decision and be confident about it. He provides compassionate and culturally sensitive care to patients of all ages. Dr. Vishal maintains complete and updated medical records, surgical notes, and follow-up documentation. He has strong interpersonal skills with a patient-centric approach. Dr. Vishal has the ability to work collaboratively in multidisciplinary teams. In order to stay abreast with all the latest developments in his field, he actively participates in seminars, CMES and other events of a similar nature.
