

DR. RASHMI SINGH

Consultant - Obstetrics and Gynaecology

Qualification

MBBS | MD - OBGY | FMAS | DMAS

Overview

Dr. Rashmi Singh is a Consultant in the Department of Obstetrics and Gynaecology at Bhagwan Mahavir Manipal Hospital, Ranchi. She began her medical journey by earning her MBBS degree in 2009, followed by an MD in Obstetrics and Gynaecology in 2014, during which she achieved a Gold Medal. Further enhancing her skills, she completed FMAS and DMAS certifications in 2019, specialising in minimally invasive surgical techniques. Dr. Singh has accumulated extensive experience in her field, having served as a Senior Resident in Obstetrics and Gynaecology and later as an Assistant Professor, contributing to academic and clinical excellence. Over the years, she has performed more than 1,000 caesarean sections and 1,000 gynaecological surgeries, including hysterectomies and diagnostic laparoscopies. Her expertise extends to laparoscopic suturing, managing high-risk pregnancies, and mentoring undergraduate medical students. Dr. Singh actively participates in professional development through various workshops, symposiums, and conferences. Highlights include her involvement in the "March Towards Diabetes Free India" workshop during the 25th Annual Conference of

the U.P. Chapter of Obstetrics and Gynaecology in 2013, and subsequent workshops focusing on innovative management of colorectal and HPV-related gynaecological cancers, advancements in assisted reproductive technology (ART), infertility updates, and high-risk pregnancy management. Notably, she has received hands-on training in emergency obstetrics, cosmetic gynaecology, operative hysteroscopy, and basic robotic surgery using the Da Vinci Surgical System, showcasing her dedication to staying at the forefront of medical advancements. Dr. Singh is affiliated with prestigious organisations such as the World Association of Laparoscopic Surgeons (WALS), the Federation of Obstetric & Gynaecological Societies of India (FOGSI), and the Kanpur Obstetrics and Gynaecology Society (KOGS). Her research interests are reflected in her publication, "Effect of Maternal BMI on Fetal Outcome," featured in The Journal of U.P. Chapter of Obstetrics and Gynaecology in June 2014.
