

DR. SNIGDHA CHATERJEE

Consultant - Obstetrics & Gynecology

Qualification

MBBS | DGO

Overview

Dr. Snigdha Chatterjee, Consultant in the Department of Obstetrics & Gynaecology at Bhagwan Mahavir Manipal Hospitals, Ranchi, brings nearly two decades of expertise in women's health. A dedicated specialist, she completed her MBBS in 2006, followed by a Diploma in Obstetrics & Gynaecology (DGO) in 2010, establishing a strong foundation in reproductive health, maternal care, and advanced surgical interventions. Dr. Chatterjee excels in emergency, elective, and ward management, ensuring comprehensive obstetric and gynecological care. Her proficiency in obstetric ultrasonography and electronic fetal monitoring enables early anomaly detection, safeguarding maternal and fetal well-being. She is highly skilled in managing infertility, offering personalized treatments to support couples on their journey to parenthood. With expertise in laparoscopy and hysteroscopy, she performs minimally invasive procedures for conditions such as fibroids, endometriosis, and ovarian cysts, ensuring faster recovery and reduced post-operative complications. Dr. Chatterjee also specializes in urogynaecology, addressing pelvic floor disorders, urinary incontinence, and prolapse with cutting-edge

treatments. As a trusted expert in obstetric and gynecological emergencies, she swiftly manages high-risk pregnancies, ectopic pregnancies, preeclampsia, and postpartum hemorrhage, ensuring optimal outcomes for mothers and newborns. Whether it's prenatal care, advanced fertility solutions, or minimally invasive gynecological surgeries, she prioritizes patient safety and well-being.
