

DR. KANHAIYA KUMAR

Consultant - Radiology

Qualification

MBBS | MD

Overview

Dr. Kanhaiya Kumar is a Consultant in the Department of Radiology and Imaging at Manipal Hospitals, Ranchi, bringing a wealth of expertise and a patient-centric approach to diagnostic imaging and interventional radiology. A distinguished alumnus with an M.B.B.S. (2016) and M.D. in Radio Diagnosis (2020), Dr. Kumar has honed a robust skill set encompassing oncology specialization, mastery over diverse diagnostic modalities such as X-Ray, USG, CT, and MRI, and proficiency in performing nonvascular interventional radiology (IR) procedures like biopsies, FNAC, and pigtail catheter insertions. His exceptional communication skills and dedication to patient care underscore his practice, making him a trusted figure in his field. Dr. Kumar’s professional journey includes experience as a Consultant Radiologist and as a tele-radiology consultant, roles that have sharpened his diagnostic acumen and enabled him to adapt to varied clinical challenges. With a keen interest in routine ultrasound and CT scans, breast imaging—including mammography, breast MRI, and biopsies—and advanced techniques like prostate MR reporting and biopsies, he has carved a niche in oncology imaging. His work over the

last four years has been pivotal in interpreting oncology scans for staging, re-staging, and monitoring cancer patients, contributing significantly to multidisciplinary treatment strategies. In addition to oncology, Dr. Kumar possesses expertise in interpreting advanced neuroimaging, including Brain MRI/MRA, MR spectroscopy, MR perfusion, and MRCP, and has gained valuable experience during his six-month tenure in interventional radiology as part of his residency. He routinely performs nonvascular interventional procedures such as USG and CT-guided biopsies, FNAC from various body sites, pleural and ascitic tapping, pigtail insertions, and prostate biopsies. His achievements include independently performing over 500 USG and CT-guided biopsies, along with numerous FNACs, reflecting his hands-on proficiency and commitment to precision. He is the best radiologist in Ranchi. Dr. Kumar’s contributions extend to academic and collaborative domains, as evidenced by his participation in multidisciplinary joint clinics organised weekly at TMH to review scans and contribute to comprehensive patient management.
