

DR. LATA BHATTACHARYA

Senior Consultant - Anaesthesiology

Qualification

MBBS | MD Anaesthesiology

Overview

Dr. Lata Bhattacharya, a Senior Consultant in Anaesthesiology at Manipal Hospitals, Ranchi, brings over three decades of expertise in anaesthesia, critical care, and pain management. Holding an MBBS (1992) and an MD in Anaesthesiology (1994), Dr. Bhattacharya has been instrumental in advancing anaesthesia practices through her contributions as a speaker, chairperson, and faculty at national and state-level conferences. She has actively participated in prestigious medical forums such as the Research Society of Anaesthesiology & Clinical Pharmacology Conference (RSACP-2002, Bhopal), ISACON-2004, and the 14th Annual National Conference of the Indian Society of Critical Care Medicine (2008, Bhopal). Her deep involvement in medical education and research underscores her commitment to enhancing patient safety, perioperative care, and critical care protocols. As a member of esteemed organisations like the Research Society of Anaesthesiology & Clinical Pharmacology, the Indian Society of Anaesthesiology, the Indian Society of Critical Care Medicine, and the Indian Society of Study of Pain, she remains at the forefront of medical advancements, ensuring the highest standards of patient

care. Her extensive experience in managing complex surgical cases, optimising pain relief strategies, and implementing evidence-based anaesthetic protocols solidifies her reputation as a leader in anaesthesiology. At Manipal Hospitals, she plays a crucial role in preoperative assessments, intraoperative monitoring, and postoperative pain management, ensuring a seamless and safe surgical experience for patients. Her proficiency in handling high-risk cases, emergency anaesthesia, and multidisciplinary critical care interventions further enhances her ability to deliver personalised, patient-centric care.

Fellowship & Membership

- Research Society of Anaesthesiology & Clinical Pharmacology
- Indian Society of Anaesthesiology
- Indian Society of Critical Care Medicine
- Indian Society of Study of Pain

Languages Spoken

- English
- Hindi

Awards & Achievements

- Since 2002, regularly participated and contributed as either a speaker or chairperson in National or State-level conferences of Anaesthesiologists.
