

DR. SATISH SHARMA

Consultant - Medical Oncology

Qualification

MBBS | DNB (Medicine) | DM (Medical Oncology) | ECMO (European Certified Medical Oncologist)

Overview

Dr. Satish Sharma is a Consultant in the Department of Medical Oncology at Bhagwan Mahavir Manipal Hospitals, Ranchi, with over eight years of focused clinical and academic experience in managing complex cancer cases through Chemotherapy, Targeted Therapy, Immunotherapy, and Multidisciplinary Treatment approaches. After completing his MBBS in 2014, DNB in Medicine in 2018, and DM in Medical Oncology in 2022, Dr. Sharma has built a strong foundation in evidence-based cancer care. He has qualified for the Zonal Round of TYSA in Medical Oncology and cleared the ECMO examination, reinforcing his academic proficiency. His active participation in global oncology forums, including the American Society of Clinical Oncology (ASCO), highlights his engagement with the latest developments in oncology. Dr. Sharma’s research includes peer-reviewed contributions such as “Impact of Nationwide Lockdown on Cancer Care during COVID-19: A Retrospective Analysis from Western India” (ASCO 2022) and “Tumour-Induced Osteomalacia” (ASEAN Endocrine Journal, 2016). His additional publications, including “Mesenteric Leiomyosarcoma: Long-Term Survival Possible” and “Interstitial Lung Disease in

Rheumatoid Arthritis: A Prospective Study at a Tertiary Care Centre" (Indian Journal of Chest Disease & Allied Sciences, 2022), demonstrate his multidisciplinary focus and research depth.
