

DR. SHANKHNEEL SINGH

Consultant - Radiology & Imaging

Qualification

MBBS | MD RADIODIAGNOSIS | DNB RADIOLOGY

Overview

Dr. Shankhneel Singh, a Consultant in the Department of Radiology & Imaging at Bhagwan Mahavir Manipal Hospitals, Ranchi, brings extensive expertise and a patient-centric approach to diagnostic excellence. With an MBBS degree earned in 2013, followed by an MD in Radiodiagnosis and a DNB in Radiology in 2017, Dr. Singh has consistently demonstrated clinical precision and academic prowess. His core specialisation lies in MRI diagnostics, with a particular interest in musculoskeletal (MSK) MRI, ensuring high-resolution imaging and accurate interpretations that significantly aid in orthopaedic and sports injury evaluations. Proficient in a broad spectrum of imaging modalities, including all types of CT scans, X-rays, ultrasounds, and non-vascular interventional procedures like FNAC and biopsies, Dr. Singh is known for his swift turnaround time (TAT) and diagnostic accuracy. He is also adept at performing image-guided interventions, adding value to patient care through minimally invasive procedures.
