

DR. PANKAJ KUMAR MISHRA

Senior Consultant - Nephrology

Qualification

MBBS | MD | DNB

Overview

Dr. Pankaj Kumar Mishra, a Senior Consultant in the Department of Nephrology at Manipal Hospitals, Ranchi, is a medical professional with over two decades of experience in medicine and nephrology. He completed his MBBS in 2001, followed by an MD in Medicine in 2006, and earned a DNB in Nephrology in 2013, showcasing his commitment to advanced medical education and specialised expertise. Throughout his illustrious career, Dr. Mishra has held various pivotal roles, including Senior Resident in Medicine and Nephrology, Senior Medical Officer in Medicine, and Consultant Nephrologist, accumulating extensive clinical and procedural experience. His clinical acumen encompasses a wide range of nephrological procedures, such as the insertion of dialysis catheters (internal jugular, subclavian, and femoral; tunnelled and non-tunnelled), insertion and management of acute peritoneal dialysis catheters, and performing native and graft kidney biopsies. Furthermore, Dr. Mishra has a profound understanding of managing induction and maintenance immunosuppression, addressing rejection, and ensuring the comprehensive follow-up of transplant patients. With his patient-

centric approach, in-depth knowledge, and procedural expertise, Dr. Pankaj Kumar Mishra continues to make significant contributions to nephrology, elevating the standards of kidney care and transplant management.
