

DR. ARKOPROVO HALDER

Consultant - Medical Oncology

Qualification

MBBS | MD (Radiotherapy) | DM (Medical Oncology)

Overview

Dr. Arkoprovo Halder is a Consultant in Medical Oncology at Manipal Hospital, Rangapani, with expertise in the treatment of haematologic malignancies such as leukemia, lymphoma, and multiple myeloma. With over five years of experience, he remains the only DM-qualified Medical Oncologist in North Bengal, making him a leading specialist in the region. Dr. Halder holds an M.B.B.S (2011), followed by an M.D. in Radiotherapy (2016) and a D.M. in Medical Oncology (2020). His extensive training has equipped him with advanced competencies in chemotherapy, targeted therapy, and supportive oncology care, ensuring comprehensive cancer treatment. He is also skilled in oncological procedures such as bone marrow aspiration, intrathecal chemotherapy, and autologous transplant, playing a vital role in cancer management. With a patient-centric approach, Dr. Halder is committed to delivering evidence-based, personalized cancer care while handling oncological emergencies with expertise. His contributions extend beyond treatment, as he actively participates in palliative care and outpatient cancer management. A recipient of the Gold Medal for Best Postgraduate Student at Medical College in 2016, Dr. Halder’s

excellence in the field has been recognized at academic and professional levels. For consultations, expert opinions, or comprehensive cancer treatment, Dr. Arkoprovo Halder is a top choice for patients seeking advanced oncology services in North Bengal.
