

DR. PRADYUT SAHA

Consultant - Radiation Oncology

Qualification

MD Radiation Oncology

Overview

Dr. Pradyut Saha, a Consultant in Radiation Oncology at Manipal Hospital, Rangapani, brings over two decades of clinical excellence in cancer care. A medical professional with an MBBS degree earned in 1997 and an M.D. in 2007, Dr. Saha specializes in the comprehensive management of both solid tumors and hematological malignancies, excluding acute myeloid leukemia (AML). With robust expertise in Medical Oncology, he is adept at delivering chemotherapy for a broad spectrum of cancers, tailoring treatment protocols to each patient’s specific needs. In Radiation Oncology, Dr. Saha is proficient in a wide range of cutting-edge radiotherapy techniques including 3D Conformal Radiation Therapy (3DCRT), Intensity-Modulated Radiation Therapy (IMRT), High Dose Rate (HDR) Brachytherapy, Telecobalt Therapy, and Intracavitary Radiation. His site-specific cancer expertise spans Head and Neck Cancer, Cervical Cancer, Breast Cancer, Lung Cancer, Gastrointestinal and Genitourinary Cancers, and Leukemia (excluding AML), ensuring targeted, evidence-based, and patient-centric care.
