

DR. S MARYAM AHMAD

Consultant - Anaesthesiology

Qualification

MD Anesthesiology

Overview

Dr. S. Maryam Ahmad, a Consultant in Anaesthesiology at Manipal Hospital, Rangapani, brings over two decades of clinical expertise and academic excellence to her role. With an MBBS degree earned in 1996, followed by an MD in Anaesthesiology in 2000 and a Fellowship in Pain Management in 2013, Dr. Ahmad has established herself as a trusted name in advanced anaesthetic and pain management procedures. Her core competencies include administering anaesthesia in complex surgical cases such as head and neck, gastrointestinal, gynaecological oncology, and plastic reconstructive surgeries. She is particularly adept at airway management, including in challenging scenarios involving head and neck cancer, trauma, or post-burn contracture patients. Dr. Ahmad’s proficiency extends to interventional pain management, offering effective solutions like epidural injections for painless labour and post-operative pain relief, central venous catheterisation, arterial cannulation, and both spinal and regional nerve blocks, including epidural, caudal, and brachial plexus blocks. She is also certified in life-saving protocols such as Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS), making her a critical asset in both surgical

and emergency care environments. Alongside her clinical practice, Dr. Ahmad has made significant contributions to medical education. As a guest faculty member, she teaches final-year BUMS students and has served as Assistant Professor, providing theory and clinical instruction to MBBS students while mentoring postgraduate trainees. Her academic involvement also includes conducting demonstration classes during her tenure as a Senior Resident, helping shape the next generation of anaesthesiologists.
