

DR. SWAPNENDU BASU

Senior Consultant & Advisor - Radiation Oncology

Qualification

DNB | MD Radiation Oncology

Overview

Dr. Swapnendu Basu is a senior consultant Radiation Oncologist at Manipal Hospitals, Rangapani, Siliguri. He has over 25 years of experience in cancer care and a decade of experience in the field of teaching. He is widely respected for his clinical excellence and commitment to patient-focused treatment. Dr. Basu holds an MBBS, an MD in Radiotherapy from R.G. Kar Medical College, and a DNB in Radiotherapy from Medical College, Kolkata. His core interests include Head & Neck Cancers, Gynaecological Oncology, Gastrointestinal Malignancies, and Brachytherapy. In addition to these, Dr. Basu is also skilled in managing Breast Cancer, CNS tumours, and Lung Cancer. He also offers advanced treatments like Image-Guided Radiation Therapy (IGRT) and Intensity-Modulated Radiation Therapy (IMRT). Furthermore, he has a strong interest in Palliative Care. Dr. Basu has worked at prominent hospitals and is a member of the Association of Radiation Oncologists of India (AROI). A passionate medical educator, he has trained professionals across leading institutes in India, Colombo, Dhaka, and Thailand in the field of Cobalt Brachytherapy. He also has numerous national and international research publications under his

name. Recognised for his expertise, honest guidance, and personalised care, Dr. Basu is a trusted radiation oncologist dedicated to delivering the best outcomes for his patients. He is known for his attentive approach to patient care. He takes time to clearly explain treatment options, whether it's a complex case or a second opinion. Dr. Basu speaks both English and Hindi, making it easier for patients to communicate. His ability to combine Oncology with compassionate care makes him a trusted doctor for cancer treatment in the region. Outside of work, Dr. Basu is an avid mountaineer, photographer, and book lover.
