

DR. S. SIVARAJ

Consultant - Orthopaedic Spine Surgeon

Qualification

MBBS | D.Ortho | DNB(Ortho) | Post Doctoral Fellowship in Spine Surgery(Ganga Hospital)

Overview

Best Ortho Doctor in Salem, Dr. S. Sivaraj has considerable knowledge in orthopaedics and spine surgery. He is a highly experienced and talented surgeon. He has many excellent credentials and certificates, which speaks to his dedication to being the best in his field. Before undertaking a Post Doctoral Fellowship in Spine Surgery at Ganga Hospital, which furthered his knowledge and abilities in this specialised field, Dr. Sivaraj finished his MBBS, D.Ortho, and DNB(Ortho). Dr. Sivaraj has over a decade of mastery that provides his patients with adequate treatments and medicines. Among them are back torment, sports wounds, cervical spondylitis, osteoporosis, osteoarthritis, knee osteotomies, plate prolapse, spinal circle a medical procedure, circle slip, and different spinal issues. Knee substitution, knee preparation for osteoarthritis, hip substitution, joint separations, and breaks are additionally treated. He is renowned for his skill in spine surgery and orthopaedic surgery, attending to the individual requirements of his patients. During his career, Dr. Sivaraj has significantly advanced the fields of spine surgery and orthopaedics. With an emphasis on spine surgery, osteoarthritis in the knee, and fundamental science research,

he has delivered scholarly articles and posters on various research issues. Several major conferences have recognised and honoured his contributions, including IOACON, TNOACON, and OASISCON. These honours underline his drive to remain current on new developments and his commitment to enhancing patient care via research and innovation. The educational background of Dr. Sivaraj is similarly outstanding. After accepting his MBBS from a similar school in 2004, he proceeded to procure his MS in Muscular Health from Madras Clinical School in Chennai in 2016. For the same reason, he is considered the best orthopaedist in Salem, Tamil Nadu. His strength areas are muscular medication and careful techniques that empower him to give his patients the ideal treatment. Dr. Sivaraj routinely participates in proficient organisations and stays aware of the latest headways in his space as an individual from esteemed clinical gatherings, including the Indian Muscular Affiliation, Tamilnadu Clinical Board, and Indian Clinical Affiliation. His AO Spine and ASSI membership further demonstrates his dedication to lifelong learning and career development. Due to his fluency in both Tamil and English, Dr. Sivaraj can interact with patients and deliver individualised treatment. He is a highly sought-after orthopaedic and spine surgeon because of his enormous knowledge, experience, and sympathetic attitude towards his patients. His commitment to advancing the discipline via evidence-based methods is evident in the publication of this study in the International Orthopaedics (SICOT) magazine. Dr. S. Sivaraj has a history of success and adopts a patient-centred approach, which has positively influenced his patients' lives.
