

DR. ELAKYA

Consultant - Pulmonology

Qualification

MBBS | MD (PULMO)

Overview

Dr. Elakya is a pulmonologist with years of expertise focusing on diagnosing and treating respiratory illnesses. With a strong educational foundation and a wealth of clinical experience, Dr. Elakya has made a name for herself as a respected medical expert in pulmonology. Dr. Elakya graduated from Madurai Medical College with her MBBS in 2011, and she then earned her MD in Tuberculosis & Respiratory Diseases/Medicine from Stanley Medical College & Hospital in Chennai in 2015. She received the renowned Gold Medal for her remarkable performance and commitment to excellence during her undergraduate years in recognition of her devotion and love for pulmonology. Dr. Elakya consistently participates in proficient organisations as an individual from the Coimbatore Respiratory Society and stays aware of the latest improvements in the business. Since she is capable in English and Tamil, she can collaborate with patients from various financial foundations and provide them with the ideal treatment. Dr. Elakya specialises in several pulmonology specialities, including bronchoscopy, thoracoscopy, overseeing asthma, and treating tuberculosis (TB). She is very educated about lung contaminations,

respiratory problems, cellular breakdown in lung treatment, and respiratory lot diseases. Her capacity to give her patients complete treatment has been further strengthened by her expertise in executing surgeries, including tracheostomy, lung surgery, lobectomy, and bullectomy. For the same reason, she is regarded as the foremost pulmonologist in Salem. Patients seeking Dr. Elakya's services can expect a thorough evaluation of their respiratory conditions. She utilises her pulmonary function testing (PFT) expertise to assess lung function and develop personalised treatment plans. With a compassionate approach, Dr. Elakya aims to provide the highest standard of care, focusing on patient education and disease management to promote long-term respiratory health. Dr. Elakya has been actively involved in academic and scientific endeavours throughout her career. She has presented articles on the outcomes of HIV-TB co-infection and the diagnostic role of HIV-TB, demonstrating her dedication to expanding medical knowledge and enhancing patient care. Within the medical world, her achievements have received widespread recognition and appreciation. Dr. Elakya has benefited from her positions as a junior consultant at the Government Hospital of Thoracic Medicine and a consultant at Sundarrajan Multispeciality Hospital. She has gained her patients' and colleagues' respect and confidence thanks to her professional skills and commitment to patient care. Dr. Elakya is a respected member of the Indian Medical Association (IMA) and is registered with the Tamil Nadu Medical Council—her association justifies her dedication to upholding ethical standards in her medical practice. Dr. Elakya has had a massive impact on pulmonology thanks to her heavenly qualifications, abundant involvement, and devotion to patient consideration. Her patients might be sure that they are seeking first-class-treatment from a serious pulmonologist for their respiratory well-being and general prosperity.
