

DR. DIVYA KATEWA

Consultant - Obstetrics And Gynaecology, Laproscopic Surgeon

Qualification

MBBS | MS(OBG) | MRCOG

Overview

Obstetrics and gynaecology specialist Dr. Divya Katewa specialise in high-risk pregnancies and minimally intrusive gynaecological medical treatments. With a strong educational background, she is known for her skills in laparoscopic procedures and the treatment of typical gynaecological problems. Due to her dedication to providing her patients with the finest care possible, Dr. Divya Katewa has established herself as a well-known medical specialist in her community. Dr. Divya Katewa has a distinguished academic record. 2007 saw her graduate with her MBBS from Bellur's Adichunchanagiri Institute of Medical Sciences. She continued to Sardar Patel Medical College, earning her MS in Obstetrics and Gynaecology in 2011. She has been listed with the Tamil Nadu Medical Council and the Karnataka Medical Council since 2022. Dr. Divya Katewa is specialised in a few areas of obstetrics and gynaecology. Her subjects include high-risk obstetrics, gynaecological endoscopy, laparoscopic gynaecology, and ripeness-protecting procedures. She represents a considerable authority in negligibly obtrusive gynaecological medical procedures and utilises state-of-the-art strategies to give her patients the ideal outcomes. An

active associate member of the Bangalore Society of Gynaecology (BSOG), Dr. Divya Katewa practices gynaecology since years. She actively participates in conferences and has presented her findings at prestigious stages. Her eminent introductions incorporate "Liver Issues in Pregnancy, Our Experience" at the All India Meeting of Obstetrics and Gynaecology in 2019 and "A Near Report Among Bolus and Nonstop Imbuement Techniques for Work Epidural Absence of Pain" at the All India Relationship Of Obstetric Sedation Gathering in 2017. No wonder she has positioned herself as one of the best OBG specialists in Salem, Tamil Nadu. Moreover, she presented a case report in the Global Diary of Proliferation, Contraception, Obstetrics, and Gynaecology on aplastic paleness tracked down in the third trimester of pregnancy. She specialises in managing complicated pregnancies and has experience addressing high-risk obstetric conditions. She is also proficient in fertility-saving procedures, gynaecological laparoscopy, and endoscopy. She provides non-surgical treatment for common issues, including menorrhagia and dysmenorrhea, because she is well-versed in gynaecological illnesses. Dr. Divya Katewa, fluent in English, Hindi, Kannada, and Tamil, ensures that she and her patients can communicate effectively. She aims to provide compassionate care and preserve a patient-centric perspective throughout therapy. She has gained her patients' and fellow professionals' respect and confidence because of her commitment to her job and her skill and knowledge. Obstetrician and gynaecologist Dr. Divya Katewa are highly skilled and experienced.
