

DR. J. JAYABASKAR

Consultant - ENT - Head & Neck Surgeon

Qualification

MBBS | MS (OTO-Rhinolaryngology)

Overview

Dr. J. Jayabaskar is an experienced ENT surgeon in Tamil Nadu. He is currently practising as a Consultant - ENT, Head & Neck Surgery at Manipal Hospital Salem. With over 9+ years of experience in ENT Surgery, Dr. Jayabaskar brings extensive knowledge and clinical skill in treating various conditions affecting the ear, nose, throat, and head and neck region. He focuses on minimally invasive and endoscopic surgical techniques that reduce patient discomfort, promote faster recovery, and deliver optimal outcomes. Known for his thorough clinical assessments and compassionate patient care, Dr. Jayabaskar provides tailored treatment plans for ENT concerns. Dr. J. Jayabaskar holds an MBBS degree and an MS in OTO-Rhinolaryngology, equipping him with a strong foundation in diagnosing and managing ENT disorders. His interest in clinical research and academic contributions further strengthens his evidence-based practice. Dr. Jayabaskar’s core areas of expertise include minimally invasive ear surgeries, where he uses precision tools and techniques to treat conditions such as chronic ear infections, perforated eardrums, and hearing loss without extensive incisions. Dr. Jayabaskar also specialises in endoscopic nasal

surgeries, performing delicate procedures to treat sinusitis, nasal polyps, septal deviations, and other nasal disorders with enhanced visibility and accuracy. Another key focus of his practice is diagnosing and managing sleep apnea. Dr. Jayabaskar conducts comprehensive evaluations to identify obstructive causes of sleep-disordered breathing and provides surgical and non-surgical interventions to restore restful sleep and prevent long-term complications such as cardiovascular disease or daytime fatigue. He also effectively manages conditions such as tonsillitis, adenoid hypertrophy, voice disorders, snoring, allergic rhinitis, and thyroid or parotid swellings. Dr. Jayabaskar's holistic approach ensures both symptom relief and long-term functional improvement for patients of all age groups. He is deeply committed to continuous learning and patient education. He actively participates in clinical meetings and national conferences and has presented significant research, like his dissertation on paediatric hearing in critical care settings and rare sinonasal tumours. His presentations reflect sharp clinical insight and a drive to contribute to the broader medical community. Patients value Dr. J. Jayabaskar not only for his surgical expertise but also for his approachable nature, clarity in explanation, and genuine concern for their well-being. He ensures patients feel informed and confident about their treatment choices at every step of their care journey. Dr. Jayabaskar speaks English and Tamil, which allows him to provide personalised care to a diverse patient population.
