

DR. ASOK P

Consultant - Orthopaedics

Qualification

MBBS | D.Ortho

Overview

Dr. Asok P is an orthopaedician in Tamil Nadu who is currently practicing at Manipal Hospital Salem as a Consultant - Orthopaedics. He is renowned for his expertise in diagnosing and treating various musculoskeletal conditions. With a commitment to delivering patient-centric care and a proven track record of success, Dr. Asok has become a trusted name in the field. He completed his MBBS in 2003 from the prestigious Madras Medical College (2003), Chennai, and went on to earn his D. Ortho in 2012 from the same college. He is the foremost Ortho Specialist in Salem. Dr. Asok P completed his Fellowship training in ILIZAROV on “Limb Lengthening, Deformity Correction & Limb Reconstruction”. This is a technique that uses circular and hemispheric external fixators stabilized by multiple narrow wires to straighten bone and soft tissue. This innovative procedure can even save limbs that may otherwise require amputation. Besides ILIZAROV, Dr. Asok uses several other surgical and non-surgical approaches to treat his patients. His expertise extends to trauma care, arthroplasty, arthritis management, orthopaedic imaging and diagnostics, sports medicine, and so on. His comprehensive knowledge

and advanced skills enable him to provide tailored treatment plans for patients with diverse orthopaedic needs. Known for his compassionate approach, Dr. Asok strongly emphasizes long-term care for his patients. He takes the time to thoroughly explain diagnoses, treatment options, and expected outcomes, ensuring that patients are well-informed and actively involved in their healthcare journey. Dr. Asok P actively participates in different medical conferences, which reflects his commitment to staying at the forefront of medical advancements. Beyond his clinical practice, Dr. Asok P is dedicated to educating future medical professionals and promoting orthopaedic health and wellness within the local community. Patients can trust in his expertise and commitment to delivering the highest standard of care, ensuring optimal outcomes and improved quality of life.
