

DR. SIDDHARTH U

Consultant - Medical Gastroenterology

Qualification

MBBS | MD | DM (Medical Gastro)

Overview

Dr. Siddharth U is an experienced gastroenterologist in Salem. He is currently practising as a Consultant – Medical Gastroenterology at Manipal Hospital Salem. With a strong academic background and specialised training in gastrointestinal medicine, he has developed expertise in diagnosing and managing a wide range of digestive system and liver-related disorders. Dr. Siddharth is skilled in advanced endoscopic procedures and is known for combining clinical precision with a compassionate, patient-centred approach to care. His work encompasses preventive, diagnostic, and therapeutic gastroenterology, ensuring that his patients receive holistic and effective treatment tailored to their needs. Dr. Siddharth’s academic foundation began with an MBBS degree from Government Mohan Kumaramangalam Medical College, Salem, where he built the groundwork for his medical career. He went on to pursue an MD in Internal Medicine at Coimbatore Medical College and Hospital, during which he gained extensive experience in managing both acute and chronic medical conditions across diverse patient populations. His keen interest in gastroenterology led him to specialise further, completing

his DM in Medical Gastroenterology, also at Coimbatore Medical College and Hospital. This super-speciality training sharpened his diagnostic acumen and procedural expertise, equipping him to manage complex gastrointestinal, hepatic, and pancreatic disorders with confidence and care. His clinical interests extend to the management of a broad spectrum of gastrointestinal conditions, including acid peptic disorders, irritable bowel syndrome, inflammatory bowel disease, gastrointestinal infections, and chronic liver disease. He has a special focus on hepatology, particularly in the diagnosis and management of conditions such as cirrhosis, viral hepatitis, and hepatocellular carcinoma. His experience in both inpatient and outpatient care allows him to provide comprehensive management for patients with complex gastrointestinal and liver diseases, from acute emergencies to long-term treatment and follow-up. Dr. Siddharth has also been actively involved in research, contributing valuable insights into the field of hepatology. His work on the Profile of Patients with Hepatocellular Carcinoma: An Experience from a Tertiary Care Centre in India reflects his commitment to advancing medical knowledge and improving patient outcomes. By engaging in academic research alongside clinical practice, he demonstrates a balanced dedication to both evidence-based treatment and innovation in medical care. At Manipal Hospital, Dr. Siddharth works as part of a multidisciplinary team, collaborating closely with surgeons, oncologists, radiologists, and intensive care specialists to deliver holistic treatment plans for patients. This team-based approach ensures that every patient benefits from comprehensive expertise across medical disciplines. Whether addressing routine digestive disorders or managing advanced cases of liver disease and gastrointestinal malignancy, he is deeply committed to providing the highest standards of care. Beyond his clinical and research pursuits, Dr. Siddharth is dedicated to continuous professional development. He remains actively engaged with the latest advances in gastroenterology and endoscopic techniques, integrating these into his practice to ensure that his patients have access to

modern, effective, and minimally invasive treatments. His focus on innovation, patient safety, and clinical outcomes reflects his commitment to both excellence in medicine and compassion in care.
