

DR. SUBHASISH DAS

Senior Consultant - Ophthalmology

Qualification

MBBS | MS (Ophthalmology)

Overview

Dr. Subhasish Das is a highly experienced Senior Consultant in Ophthalmology with over 38 years of distinguished practice. Based in Baguihati, Kolkata, Dr. Das is recognised for his clinical excellence in managing a wide range of eye disorders and surgical interventions. He holds an MBBS from Veer Surendra Sai Medical College (1987), a Postgraduate Diploma in Ophthalmology from National Medical College, Kolkata (1996), and an MS in Ophthalmology from The Regional Institute of Ophthalmology, Guwahati (2000). Currently serving as a Senior Phaco Surgeon, he specialises in cataract surgery using advanced phacoemulsification techniques and is well-regarded for his precision and patient outcomes. He is the best Ophthalmologist and Eye Specialist in Kolkata. Dr. Das's field of expertise extends to a broad spectrum of ophthalmic subspecialties, including medical retina care, diabetic retinopathy, age-related macular degeneration, glaucoma, dry eye management, and ocular inflammation. He is also proficient in managing squint, uveitis, oculoplasty, and orbital disorders. His thoughtful, evidence-based approach to treatment and emphasis on patient education ensure that individuals receive

personalised and informed care. In addition to clinical services, Dr. Das actively engages in community awareness about common eye conditions, most notably clarifying misconceptions, such as the belief that conjunctivitis can spread by sight alone. His empathetic manner and strong communication skills make him a preferred eye care provider across all age groups. As a dedicated educator and healthcare consultant, Dr. Das is also known for his involvement in medical education and healthcare information technology. He is a member of the All India Ophthalmological Society and its West Bengal chapter, through which he stays updated with the latest developments in ophthalmology. Fluent in English, Bengali, and Hindi, Dr. Subhasish Das ensures accessible, compassionate care to a diverse patient base. His unwavering commitment to preserving and restoring vision continues to positively impact the lives of thousands. He actively mentors young ophthalmologists and contributes to clinical training programs, fostering the next generation of eye care professionals. Dr. Das also advocates for community eye health initiatives, focusing on early detection and treatment of preventable blindness in underserved populations.
