

DR. ANSU SEN

Senior Consultant - Neurology

Qualification

MBBS | MD (Internal Medicine) | DM (Neurology)

Overview

Dr. Ansu Sen is a highly accomplished Senior Consultant Neurologist, renowned for his expertise in diagnosing and managing a wide range of neurological disorders. With over a decade of clinical experience, Dr. Sen has earned a strong reputation for his comprehensive approach to complex conditions such as epilepsy, stroke, Parkinson’s disease, multiple sclerosis, neuropathies, and other neurodegenerative diseases. His clinical practice emphasises precision diagnostics combined with compassionate care, ensuring each patient receives personalised treatment plans that align with the latest advancements in neurology. Known for his analytical skills and patient-centric approach, Dr. Sen is recognised as one of the leading neurologists in Kolkata. Dr. Sen completed his MBBS, followed by an MD in Internal Medicine, and then specialised further by earning a DM in Neurology. His commitment to medical excellence extends beyond clinical work, with active involvement in research, peer-reviewed publications, and contributions to neurology forums. He has held significant positions, including senior roles at reputed institutions like Apollo Gleneagles and Ramkrishna Mission, and has served as a National Executive Member

of the Diabetic Society of India. His clinical focus includes stroke management and neurocritical care, where his timely interventions have significantly improved patient outcomes. Additionally, Dr. Sen has a keen interest in movement disorders and headache management, utilising a multidisciplinary approach that integrates medication, lifestyle modification, and rehabilitation. He is the best Neurology Doctor in Kolkata. Currently practising at Manipal Hospitals Salt Lake and Manipal Hospitals Broadway in Kolkata, Dr. Sen is dedicated to upholding the highest standards of clinical care and medical ethics. His warm demeanour, effective communication, and collaborative approach with multidisciplinary teams make him a trusted neurologist for patients and peers alike. He actively participates in public health initiatives to raise awareness about brain health and neurological disease prevention. Through his clinical expertise and ongoing commitment to education, Dr. Ansu Sen continues to make meaningful contributions to the field of neurology, delivering comprehensive and empathetic care grounded in scientific excellence.
