

DR. ASIS KUMAR SINHA

Consultant - General Surgery

Qualification

MBBS | MS (General Surgery) | FRCS

Overview

Dr. Asis Kumar Sinha is one of the most experienced general and laparoscopic surgeons in Kolkata, with a remarkable medical career spanning over decades. His areas of expertise include a wide range of surgical procedures, particularly laparoscopic hernia repair, laparoscopic cholecystectomy (gallbladder surgery), and abdominoperineal resection. He has served in key roles at renowned institutions such as Calcutta Medical Research Institute and Jalpaiguri District Hospital, and he also worked as a registrar in the National Health Service (UK), gaining valuable international exposure. He is a top general surgeon in Salt Lake. Dr. Sinha's commitment to advancing surgical techniques is evident through his multiple fellowships from esteemed institutions, including the Royal Colleges of Surgeons and Physicians in Glasgow, Edinburgh, Dublin, London, and Ireland. His clinical repertoire spans complex abdominal wall surgeries, exploratory laparotomies, sacrectomies, and procedures for appendicitis, pilonidal cysts, and pelvic abscesses. With a methodical approach and deep clinical insight, he has successfully treated thousands of patients and remains a trusted name in both open and minimally invasive surgeries.

Dr. Sinha's ability to integrate evolving medical practices with decades of practical knowledge has made him a mentor to younger surgeons. He treats his patients with extreme compassion and care. In addition to his surgical expertise, Dr. Sinha has co-authored several peer-reviewed publications, contributing to ongoing medical research and surgical innovation. He holds memberships with prestigious associations such as the Association of Surgeons of India (ASI), the Association of Minimal Access Surgeons of India (AMASI), and the Indian Medical Association (IMA). Fluent in English, Bengali, and Hindi, Dr. Sinha remains actively involved in patient care and medical education, embodying a lifelong commitment to excellence in general surgery. He regularly participates in national and international conferences, conducts surgical workshops, and mentors postgraduate students, ensuring the transfer of knowledge and skills to the next generation of medical professionals, reflecting his broader mission to improve access to quality healthcare and promote preventive healthcare across diverse populations.
