

DR. MANISH MUKUL GHOSH

Senior Consultant - Plastic & Reconstructive Surgery

Qualification

MBBS | FRCS | MS | MD | FRCS

Overview

Dr. Manish Mukul Ghosh is a highly experienced and respected Senior Consultant in Plastic and Reconstructive Surgery, currently associated with Manipal Hospitals, Salt Lake. With over 25 years of experience, Dr. Ghosh has earned a reputation for his surgical precision, compassionate patient care, and innovative techniques in both cosmetic and reconstructive procedures. His expertise encompasses a wide range of advanced surgical interventions, including body contouring, rhinoplasty, liposuction, dermatosurgery, and birthmark reduction. In the field of reconstructive surgery, he is particularly known for his skill in treating complex burn scars, vascular malformations, and congenital hand deformities. Dr. Ghosh has a strong academic background that includes an MBBS, MS in General Surgery, MD, and dual FRCS qualifications – one in General Surgery and another in Plastic Surgery – from the Royal College of Surgeons, Glasgow. This extensive training has equipped him with the advanced knowledge and surgical finesse required for high-precision plastic and vascular procedures. His commitment to excellence and continuous learning has made him a sought-after specialist for both cosmetic

enhancements and life-improving reconstructive surgeries. He is also a trusted name in pediatric procedures such as safe ear piercing for infants and correction of webbed fingers or toes. He is the best plastic surgery doctor in Kolkata. Fluent in English, Bengali, and Hindi, Dr. Ghosh is known for his empathetic communication style and ability to make patients feel comfortable and well-informed about their treatment options. Whether addressing aesthetic goals or correcting functional impairments, his personalised approach ensures that each patient receives the highest standard of care. Through his years of practice and service in leading institutions, Dr. Manish Mukul Ghosh continues to positively impact the lives of countless patients by restoring form, function, and confidence through the art and science of plastic surgery. He remains actively engaged in surgical innovation and regularly updates his techniques to incorporate the latest advancements in plastic and reconstructive surgery.
