

DR. BASAB MUKHERJEE

Consultant - Obstetrics & Gynaecology

Qualification

MBBS (Vellore) | MD (Vellore) | FRCOG (London) | FICOG

Overview

Dr. Basab Mukherjee is a distinguished fourth-generation gynaecologist who has devoted nearly two decades to advancing women's healthcare in Kolkata. Renowned for his clinical excellence, academic leadership, and commitment to public health, he stands as one of the region's most trusted specialists in Obstetrics and Gynaecology. His medical journey began at the prestigious Christian Medical College (CMC), Vellore—one of India's leading medical institutions—where he built a strong foundation in medical science and patient care. He later earned membership from the Royal College in London in 2000, further sharpening his expertise with internationally recognised training and exposure. At Manipal Hospital, Salt Lake, Dr. Mukherjee brings extensive experience in handling high-risk pregnancies and complex gynaecological conditions. His areas of expertise span Infertility, Sexual and Reproductive Health, Menopausal Medicine, Preventive Oncology, and Minimally Invasive Surgery. He is also highly skilled in managing conditions such as Polycystic Ovary Syndrome (PCOS), recurrent pregnancy loss, adolescent health concerns, and a broad spectrum of women's health disorders. With a patient-centric

philosophy, Dr. Mukherjee focuses on holistic treatment, detailed counselling, and evidence-based care to ensure safety, comfort, and clarity for every patient. Beyond his clinical practice, Dr. Basab Mukherjee is a respected academician and actively contributes to medical education, awareness initiatives, and professional leadership. He holds significant administrative positions at state, national, and international levels. In 2020, an independent survey ranked Dr. Mukherjee among the top three gynaecologists in Kolkata, recognizing his excellence, dedication, and patient trust. His involvement in health education seminars, public awareness programs for schools and colleges, and collaborations with NGOs and government bodies further highlights his commitment to improving women's health at a community and societal level. With his vast experience, compassionate approach, and leadership in global women's health initiatives, Dr. Basab Mukherjee stands as a pillar of expertise and compassionate care at Manipal Hospital, Salt Lake.
