

DR. ABHISHEK NANDI

Consultant - Paediatric Orthopaedician

Qualification

MBBS | MS (Orthopaedics)

Overview

Dr. Abhishek Nandi is a distinguished consultant in Paediatric Orthopaedics at Manipal Hospitals Salt Lake, where he has been delivering exemplary care for the past 3 years. With an extensive educational background, Dr. Nandi holds an MS degree and has pursued advanced training as a Post-doctoral Fellow in Paediatric Orthopaedics. His expertise lies in addressing a wide spectrum of bone and musculoskeletal issues specifically tailored to children, ensuring comprehensive treatment and management. He is the Best Ortho Doctor in Kolkata. Dr. Nandi's commitment to Paediatric Orthopaedics is underscored by his specialised focus on the unique needs of young patients, encompassing conditions ranging from congenital anomalies to developmental disorders affecting bones and joints. His clinical approach integrates cutting-edge research and evidence-based practices to achieve optimal outcomes for his patients. Fluent in Bengali, Hindi, and English, Dr. Nandi fosters effective communication with patients and their families, ensuring clarity and comfort throughout their treatment journey. He actively engages in continuous professional development, staying abreast of the latest advancements

in Paediatric Orthopaedics through memberships and participation in relevant conferences and workshops. Dr. Nandi's dedication extends beyond clinical practice; he contributes to the field through research and academic activities, aiming to advance Paediatric Orthopaedic care and improve patient outcomes. His compassionate approach and specialised expertise make him a valued member at Manipal Hospitals Salt Lake.
