

DR. SUBHRO GANGULY

Consultant - ENT

Qualification

MBBS | MS (ENT) | Fellowship in Middle Ear Reconstruction (France)

Overview

Dr. Subhro Ganguly is a highly accomplished ENT surgeon at Manipal Hospitals, Saltlake, Kolkata, bringing with him 13 years of experience, including 6 years of specialised expertise in Otorhinolaryngology. He completed his MBBS from the prestigious Medical College Kolkata and went on to pursue MS in Otorhinolaryngology from Shri Vasantrao Naik Government Medical College, Yavatmal, Maharashtra. To further refine his surgical skills, he undertook a renowned Fellowship in Middle Ear Reconstruction at Clinique Jean Causse, Colombiers, France, under the esteemed mentorship of Dr. Robert Vincent—one of the world's leading otologists. Dr. Ganguly's academic excellence and commitment to medical advancement have earned him several accolades. He secured the 2nd Best Poster Award in the Postgraduate Category at VENTCON, organised by AOI-Vidarbha, for his work on "Nasal Septum: An Unusual Location of Head and Neck Paraganglioma." He was recognised as the Best Resident of the Year at SVN Government Medical College, Yavatmal, and received the Best Temporal Bone Dissection Award at a specialised workshop by Dr. K.P. Morwani at D.Y. Patil Medical College, Mumbai. He has presented papers and posters at major national

forums such as VENTCON 2014 and the 47th MENTCON State Conference, covering topics like nasal mass clinical studies and audiological analysis in chronic suppurative otitis media. His enthusiasm for continuous learning is reflected in his participation in numerous CME programs and workshops, spanning clinical research methodology, FESS and Rhinoplasty, head and neck cadaver dissection, endoscopic skull base surgery, and neuro-otology. Clinically, Dr. Ganguly is known for his comprehensive expertise across the entire spectrum of ENT care. He is adept at managing complete OPD services, performing detailed clinical assessments, interpreting imaging, and designing evidence-based treatment plans. His surgical proficiency includes a wide range of procedures: Ear surgeries: Tympanoplasty, Revision Tympanoplasty, Ossiculoplasty, Mastoidectomy, Stapedotomy, and more ,Nasal surgeries: Endoscopic Septoplasty, Turbinate Reduction, Polypectomy, Functional Endoscopic Sinus Surgery (FESS), Oral cavity & head-neck surgeries: Tongue tie release, Tonsillectomy with Coblator, Adenoidectomy, Direct Laryngoscopy, Micro-laryngeal surgery, oral cavity tumour excision, thyroid and parotid gland surgeries, ENT emergencies: Management of epistaxis, nasal fractures, septal abscesses, peritonsillar abscesses, Ludwig’s angina, emergency tracheostomy, and foreign body removal Alongside his clinical and surgical strengths, Dr. Ganguly is admired for his exceptional communication skills, strong teamwork, and professional integrity. He is highly regarded as sincere, hardworking, and goal-oriented, with a strong foundation in ENT principles and a continuous drive to upgrade his expertise. His passion for teaching and knowledge-sharing further enhances his contribution to the medical community. Dr. Ganguly also actively participates in medical and surgical outreach initiatives, offering his services through free health camps organised by the Municipal Corporation of Greater Mumbai and various charitable organisations, reinforcing his commitment to accessible healthcare for underserved populations.

Field of Expertise

- Specialised in performing ear surgeries with precision, including Tympanoplasty, Revision Tympanoplasty, Ossiculoplasty, Mastoidectomy, and Stapedotomy, ensuring optimal hearing restoration and ear function.
- Skilled in a range of nasal surgeries such as Endoscopic Septoplasty, Turbinate Reduction, Polypectomy, and Functional Endoscopic Sinus Surgery (FESS), addressing various nasal conditions with minimally invasive techniques.
- Demonstrates proficiency in managing oral cavity and head and neck conditions, performing surgeries including Tongue Tie Release, Tonsillectomy with Coblator, Adenoidectomy, Direct Laryngoscopy, Micro-Laryngeal Surgery, Resection of Oral Cavity Tumours, and Thyroid and Parotid Gland Surgeries, providing comprehensive care for complex cases.
- Experienced in handling a variety of ENT emergencies with expertise in managing Epistaxis, Nasal Fractures, Septal Abscesses, Peritonsillar Abscesses, Ludwig’s Angina, performing Emergency Tracheostomy, and removing Foreign Bodies from the Ear and Nose, ensuring prompt and effective treatment.
- Middle Ear & Hearing Restoration Surgery
- Sialendoscopy
- Endoscopic Sinus & Anterior & Transnasal Skull Base Surgery
- Phonosurgery & Micro-Laryngeal Surgery
- Sleep Apnea & Snoring Surgery
- Paediatric ENT Procedures
- Head & Neck Surgery
- Laryngeal & Voice Modulation Surgery
- ENT Emergencies & Trauma Management
