

DR. SUDESHNA MUKHERJEE

Consultant - Obstetrics and Gynaecology

Qualification

MBBS (Cal) | MD(O&G) | MRCOG (UK)

Overview

A highly experienced consultant specializing in complex Obstetrics, she brings over 25 years of expertise in managing a wide range of obstetric and gynecological conditions. She qualified as a doctor in 1988 and completed her MD in Obstetrics and Gynecology in 1993. After earning her MD, she pursued advanced training in the UK from 1993 to 2000, where she worked in specialized units renowned for dealing with complicated obstetric cases, including eclampsia, intrauterine growth restriction (IUGR), and premature deliveries due to various fetal and maternal factors. During her time in the UK, she served as a Senior House Officer, gaining invaluable hands-on experience with twin deliveries and mastering numerous obstetric procedures. Upon her return to India in 2000, she began her practice as an independent Obstetrics and Gynecology Consultant, focusing on high-risk obstetrics cases. Over the years, she has managed numerous complex cases, such as ectopic pregnancies, severe postpartum hemorrhage (PPH), and uterine artery ligation. She has extensive experience in handling premature deliveries, particularly those complicated by IUGR, pre-eclampsia, twin pregnancies, Rh incompatibility, and impending

rupture of previous cesarean section scars. Her ability to manage high-risk pregnancies with skill, compassion, and precision has earned her a reputation for excellence in her field. She consistently provides personalized care tailored to each patient's unique needs, ensuring the best possible outcomes. This makes her the top Gynecologist in Saltlake, Kolkata. In addition to her obstetric expertise, she has undergone comprehensive training in urogynaecology and fistula surgery, making her well-versed in handling a wide range of gynecological conditions. In her gynecological practice, she regularly performs routine laparoscopic hysterectomies, myomectomies, and surgeries for ovarian masses. Throughout her career, she has built a reputation for providing compassionate, precise, and patient-focused care. Her deep knowledge, vast experience, and unwavering dedication allow her to handle even the most complex and challenging cases in obstetrics and gynecology with confidence, ensuring the best possible outcomes for her patients.
