

DR. SANDIP KUMAR MANNA

Consultant - Urology

Qualification

MBBS | M S (Genl. Surg.) | DrNB (Urology)

Overview

An eminent, dynamic, and compassionate urologist with over 13 years of rich clinical experience, he has carved a niche for himself in the field of urology through his dedication, precision, and empathetic approach to patient care. He completed his Master of Surgery (MS) in General Surgery from the renowned NRS Medical College and Hospital, followed by the prestigious Doctorate of National Board (DrNB) in Genito-Urinary Surgery and Renal Transplantation from the National Board of Examinations, New Delhi. His academic journey reflects his unwavering commitment to excellence in Urological Sciences. He is the best Urology doctor in Saltlake. He has gained immense proficiency in a wide array of Urological procedures, making him one of the most versatile and trusted surgeons in his field. He has successfully performed numerous laser prostate surgeries and complex renal stone removal procedures, including URSL (Ureterorenoscopic Lithotripsy), RIRS (Retrograde Intrarenal Surgery), and PCNL (Percutaneous Nephrolithotomy). His laparoscopic surgical skills are exemplary, covering procedures such as nephrectomy, partial nephrectomy, pyeloplasty, and ureteric reimplantation with high success rates. He is

the best Urology Doctor in India. His expertise further extends into uro-oncology, where he has performed Radical Nephrectomies, Radical Cystectomies, and Radical Prostatectomies with great proficiency. He is also highly skilled in reconstructive urology, managing complex cases involving Urethroplasty and pelvic fracture urethral injuries. In the domain of Andrology, he offers surgical management for Peyronie's disease, Chordee Correction, and other male sexual health concerns with great sensitivity and clinical precision. Pediatric Urology is another area where he has demonstrated excellence. He regularly handles delicate and intricate cases such as Hypospadias repair, Posterior Urethral Valve Management, PUJ (Pelviureteric Junction) obstruction correction, and pediatric renal stone surgeries, always ensuring the utmost care and comfort for young patients. Throughout his career, he has had the privilege of working with many distinguished urologists across Eastern India, enriching his knowledge and refining his surgical techniques. His approach is always rooted in evidence-based medicine, and he tailors treatment plans to best suit the individual needs of his patients. Widely respected for his integrity, surgical expertise, and genuine concern for patient well-being, he continues to be a beacon of hope and healing for countless individuals seeking advanced urological care.
