

DR. ARUNANSU DHOLE

Consultant - Cardiothoracic and Vascular Surgery

Qualification

MBBS | DNB (General Surgery) | MRCS | M.Ch (Cardiothoracic and vascular surgery)

Overview

Dr. Arunansu Dhole is a highly accomplished Consultant – Cardiothoracic & Vascular Surgery (CTVS) at Manipal Hospital Salt Lake, with over 15 years of experience in performing advanced cardiac and vascular procedures. Recognized for his clinical expertise, precision, and patient-centric approach, he specializes in treating a wide range of complex heart and vascular conditions using the latest surgical techniques. His commitment to delivering safe, evidence-based, and personalized care has earned him the trust of patients seeking advanced cardiac surgery. Dr. Dhole possesses an outstanding academic background, having completed his MBBS, DNB in General Surgery, MRCS (England), and M.Ch in Cardiothoracic & Vascular Surgery (CTVS). His rigorous training and continuous pursuit of excellence have enabled him to develop expertise in both conventional and minimally invasive cardiac surgical procedures. Throughout his career, he has further enhanced his skills through advanced training at reputed healthcare institutions, allowing him to remain at the forefront of innovations in cardiothoracic and vascular surgery. Dr. Dhole has extensive expertise in performing minimally invasive cardiac surgeries,

which are designed to reduce surgical trauma, minimize pain, shorten hospital stays, and support faster recovery. He is also skilled in robotic-assisted cardiac surgery, offering patients the benefits of enhanced surgical precision and improved postoperative outcomes. His special areas of interest include complex aortic surgeries, such as Bentall procedures and Hemiarch replacement, advanced valve repair and replacement surgeries, Video-Assisted Thoracoscopic Surgery (VATS), peripheral vascular surgery, thoracoscopic atrial septal defect (ASD) closure, robotic coronary artery bypass grafting (CABG), and the surgical management of adult congenital heart diseases. At Manipal Hospital Salt Lake, Dr. Dhole works closely with a multidisciplinary team of cardiologists, anesthesiologists, intensivists, and rehabilitation specialists to provide comprehensive cardiac care. His treatment philosophy emphasizes accurate diagnosis, detailed patient counseling, individualized surgical planning, and holistic postoperative recovery. He believes in involving patients and their families in every step of the treatment journey, ensuring they are well-informed and confident about their care. Known for his compassionate nature, meticulous surgical skills, and dedication to clinical excellence, Dr. Arunansu Dhole remains committed to improving the quality of life for patients with complex heart and vascular conditions. At Manipal Hospital Salt Lake, he combines advanced technology, evidence-based practices, and personalized care to deliver world-class cardiac surgical services, helping patients achieve better outcomes and a healthier future.

Fellowship & Membership

- Membership of Royal College of Surgeons (MRCS) (UK).

Field of Expertise

- MICS (CABG, Valve Surgery)

- Robotic CABG
- Robotic Valve Surgery
- Valve surgery
- CABG
- Aortic Surgery
- Adult congenital surgery (Simple)
- VATS, Robotic VATS
- Peripheral vascular surgery
