

DR. KAUSHIK SINHA

Consultant - Urology

Qualification

MBBS | MS (Gen. Surgery)

Overview

Dr. Kaushik Sinha is a highly accomplished Consultant in the Department of Urology at Manipal Hospital Salt Lake, bringing decades of expertise in diagnosing and treating a wide spectrum of urological disorders. Renowned for his patient-centric approach, surgical precision, and commitment to clinical excellence, he specialises in advanced minimally invasive, laparoscopic, endourological, and uro-oncological procedures. Throughout his career, Dr. Sinha has successfully managed thousands of complex urological cases, helping patients achieve faster recovery, improved outcomes, and enhanced quality of life. Dr. Sinha completed his MBBS from the University of Mysore in 1995, followed by an MS in General Surgery from Rajiv Gandhi University of Health Sciences in 2002. He further strengthened his expertise by earning a DNB in Urology from the National Board of Examinations in 2007. His extensive academic training, combined with years of clinical practice at leading tertiary care hospitals, has established him as one of the trusted names in the field of urology. Over the course of his distinguished career, Dr. Sinha has performed more than 1,500 kidney transplant surgeries and thousands of

minimally invasive laparoscopic and endourological procedures. His areas of expertise include the diagnosis and treatment of kidney stones, benign enlargement of the prostate (BPH), urinary tract infections, urinary incontinence, bladder disorders, prostate cancer, kidney cancer, bladder cancer, and other complex urological conditions. He is particularly recognised for his proficiency in laser-based procedures for prostate enlargement and stone disease, enabling patients to benefit from less pain, minimal blood loss, shorter hospital stays, and quicker recovery. Dr. Sinha possesses extensive experience in advanced endourological and reconstructive procedures, including Percutaneous Nephrolithotomy (PCNL), Retrograde Intrarenal Surgery (RIRS), Ureteroscopic Lithotripsy (URSL), Holmium Laser Enucleation of the Prostate (HoLEP), Transurethral Resection of the Prostate (TURP), and Transurethral Resection of Bladder Tumour (TURBT). His expertise also extends to complex laparoscopic uro-oncological surgeries such as Radical Prostatectomy, Radical and Partial Nephrectomy, Pyeloplasty, and Ureteric Re-implantation. By integrating modern surgical techniques with evidence-based medical practices, he consistently delivers optimal clinical outcomes while prioritising patient safety and comfort. Beyond surgical excellence, Dr. Sinha is dedicated to spreading awareness about urological health through educational initiatives, health talks, and patient awareness programmes. He firmly believes that timely diagnosis, preventive care, and informed decision-making play a crucial role in reducing the burden of urological diseases. His compassionate communication style ensures that patients and their families are well-informed about their condition and actively involved in every stage of treatment planning. At Manipal Hospital Salt Lake, Dr. Kaushik Sinha works closely with multidisciplinary teams to provide comprehensive, personalised care for both common and complex urological conditions. His unwavering commitment to innovation, ethical clinical practice, and patient satisfaction has earned him the trust of patients from across Eastern India. Whether managing urinary stone disease, treating urological

cancers, performing reconstructive procedures, or offering advanced laser surgeries, Dr. Sinha remains dedicated to delivering world-class urological care with precision, compassion, and excellence.
