

DR. SACHIN SUBBARAYA

Consultant - General and Minimal Access Surgery

Qualification

MBBS | MS (General Surgery) | FIAGES | FMAS | FALS (Minimal Access Surgery)

Overview

Dr. Sachin Subbaraya is an experienced general and advanced laparoscopic/laser surgeon in Bangalore. He is currently practising as a Consultant - General Surgery at Manipal Hospital, Sarjapur Road, Bangalore. He is an expert General Surgeon in Sarjapura Road, Bangalore. With more than a decade of experience, Dr. Sachin Subbaraya has developed expertise in minimal-access surgery for a wide range of abdominal conditions. His surgical proficiency includes laparoscopic gallbladder stone removal, appendectomy, hernia repair, and advanced laser procedures for proctology and varicose veins. Known for his meticulous approach, he utilises state-of-the-art laparoscopic and laser technology, ensuring minimal recovery time, reduced scarring, and optimal surgical outcomes. Dr. Sachin's medical journey began with an M.B.B.S. degree, followed by an M.S. in General Surgery from the prestigious M.S. Ramaiah Institute. His passion for continuous learning and surgical excellence led him to obtain a Fellowship in Minimal-Access Surgery (FMAS) and a Fellowship from the Indian Association of Gastrointestinal Endosurgeons (FIAGES). These credentials reflect his commitment to staying at the forefront of

surgical advancements, enabling him to offer the most effective and minimally invasive treatments. Dr. Sachin specialises in laparoscopic surgeries for gallbladder stones, hernia repairs, and appendectomies, ensuring precise procedures with minimal postoperative discomfort. His expertise in laser proctology and varicose vein treatments allows for quicker healing and improved patient outcomes. Whether performing complex open surgeries or minimally invasive procedures, he prioritises patient safety, comfort, and long-term health benefits. Recognised for his patient-centric approach, Dr. Sachin is dedicated to providing individualised care tailored to each patient's specific needs. He believes in thorough preoperative counselling, ensuring that patients and their families are well-informed about the treatment plan, potential risks, and expected recovery timelines. His compassionate nature and clear communication foster trust, helping patients feel confident and at ease throughout their surgical journey. Dr. Sachin's expertise extends beyond clinical practice; he actively contributes to the medical community through research and academic presentations. He has presented posters at national conferences and papers at state conferences, with two publications in indexed journals. His dedication to advancing surgical knowledge and techniques benefits both his peers and the patients he serves. Committed to the highest standards of medical excellence, Dr. Sachin stays updated with the latest surgical techniques and innovations. His proficiency in handling complex cases with precision and efficiency has made him a trusted name in general and laparoscopic surgery. He continuously integrates modern surgical advancements into his practice, ensuring patient outcomes. Dr. Sachin is fluent in English, Kannada, and Hindi and ensures effective communication with patients from diverse backgrounds. His ability to explain medical procedures in an accessible manner helps ease patient concerns and enhances the overall treatment experience.
